

near wheel by the engine's pilot and carried twenty yards down the river where a row of boats on the foot embankment and came to rest on its side. Passing automobilists rushed the injured to local hospitals.

The clubwomen of Oakland were instrumental in starting the Juvenile Court, and the members of the Oakland Club raised funds and paid the salary of the probation officer for almost four years.

HAYWARD, April 7.—Thomas P. O'Brien long a resident of Hayward and Belvedere, died this morning at the Hayward sanitarium after a long illness. He leaves a widow and two sons, Walter O'Brien of Berkeley and Percy O'Brien of San Francisco. O'Brien was owner of the Hotel Hayward property here.

SAN FRANCISCO, April 10.—The defendant in the divorce case of C. J. Branham, president of the Anderson Printing Company of Sacramento, charged by Mrs. Marion K. Branham in answer to his application for divorce filed in the Superior court today.

Branham recently brought suit for divorce charging that his wife deserted him in March, 1919. This she denies.

## From California's Legislative Hall

### WOOD OPPOSES FORMING FRESNO BRANCH COLLEGE

Declares U. of C. Seeks Control of Entire School System.

By AD. B. SCHUSTER  
 TRIBUNE BUREAU, SACRAMENTO, April 7.—Despite the fact that the University of California has taken no decided position on the bill which would establish a branch college at Fresno, opponents of the measure, including Will C. Wood, State Superintendent of Public Instruction, have used it as grounds upon which to base a declaration that the institution at Berkeley is seeking to gain control of the entire school system of the state. Wood's declaration, coming out of clear sky before the committee on education in the assembly, has occasioned considerable wrath among university supporters and among the many opponents of the legislation as fresh fuel for a fire they would keep burning.

The bill would transfer the title of the \$3,500,000 Normal school plant at Fresno to the university and provide for a branch college there in connection with the Kearney farm that has been bequeathed to the state. It was introduced by Assemblyman Herbert McDowell as a means by which the state could get full value out of a large equipment fund used but as to the advice of the present comparatively few students in the Normal school and but eight on the Kearney farm.

**REGENTS NOT COMMITTED**  
 "The university has not argued for the passage of the bill and only appeared before the committee to answer any questions that might be put," said Robert Sprout, controller, today. "The regents feel that the branch college at Los Angeles has been a success but as to the advisability of establishing a second branch at Fresno at this time, are not committed. They are perfectly willing to leave that to the legislature."

Wood, who favored the establishment of the Los Angeles branch before a former legislature, told the committee that in the bill the university was seeking to gain control of the state school system, that there is a constitutional prohibition against putting that control in any hands other than those of the state board of education and that the university is comparatively short and subject to the people's will.

**FAVOR BRANCH COLLEGE**  
 According to Assemblyman McDowell, Senator M. H. Harris, and others who favor the bill, the outburst of Wood was uncalled for inasmuch as the impetus for the measure did not come from the university and as the university has not argued for it. They see in the great plant at Fresno valuable equipment now largely going to waste and claim that the demand from the surrounding territory in that a branch college be established. The board of education and Superintendent Wood, Harris said, are the most active opponents of the measure.

"Did you not favor the establishment of such a branch at Los Angeles?" Miss Estro Broughton, assistant woman from Modesto, asked Wood before the committee. "I believed," Wood replied, "that the south was entitled to such a branch and looked on the school there as an I. I. not believe in this second branch at Fresno."

**FORMER KAISERIN BETTER**  
 DORR, Holmdel, April 7.—Former Empress Augusta, Victoria, of Germany has had no new attacks of heart failure since Friday. Although she is very weak, her nights are reported restful.

## Third Bill to Figure In Reorganization Fight

By AD. B. SCHUSTER  
 TRIBUNE BUREAU, SACRAMENTO, April 7.—Upon the fate of the governor's and the Tax Payers' Associations reorganization bills in committee depends the question of the third efficiency and economy measure.

Assemblyman Frank Merriam of Long Beach, who, with Senator Lyman M. King of Redlands, is the leader in the movement for "the way" reorganization plan, said today that he was confining his efforts before the committee to see that the Tax Payers' bill was passed so favorably, or that the governor's bill was amended so materially as to mean a complete doing away with useless and duplicating state agencies.

"It may be," said Merriam, "that the committee will combine the best points of the measures and bring out a bill that will be acceptable. If it does not, then there are a number of legislators who will have another plan ready and who will be exceedingly hard on its passage."

**THIRD BILL MAY APPEAR**  
 Merriam intimated that he did not have high hopes of committee action. It appears as if the plan would be to pass all eight of the governor's bills and the committee and give an unfavorable report to the Tax Payers' measure. On the floor the program is to kill all of the governor's measures but the one creating the new finance department, so that by the time the legislature adjourns nothing in the way of reorganization, except the building up of a finance body, will have been accomplished. In an effort to save the possibility, if it appears apparent, the third bill will make its appearance.

The wets have won a strategic victory over the drys by securing the passage of the bill and only appeared before the committee to answer any questions that might be put," said Robert Sprout, controller, today. "The regents feel that the branch college at Los Angeles has been a success but as to the advisability of establishing a second branch at Fresno at this time, are not committed. They are perfectly willing to leave that to the legislature."

**Bernard Would Reduce County's Representation**  
 Farmer Assemblyman Has a Plan to Give Each County Only One Senator.

TRIBUNE BUREAU, SACRAMENTO, April 7.—Alameda county's legislative delegation will be cut from twelve to nine if Van Bernard, farmer assemblyman from Rutte City, has his way in the legislature and before the people. Bernard has presented a constitutional amendment which would give each county one senator and no more, and which would leave the assembly with eighty members.

The Bernard plan is aimed to give the farmers of the state a large voice in the government. As the appointment of university regents, members of the railroad commission, etc., are made "on advice and with consent of the senate," the upper house, chosen on this plan, would have a large voice in the exercise of that power no county would have more than one vote. Bernard says that his scheme would make the state legislature more like congress and that it will have the support of all of the smaller communities of the state.

"I expected," Bernard said today, "that Alameda's San Francisco and Los Angeles counties would be against me, but believe that the rest would support the measure and that it would have a chance to pass."

**ANTI-PICKETING FAVORED.**  
 LINCOLN, April 7.—The lower house of the Nebraska legislature passed an anti-picketing bill on third reading. The measure now goes to the senate.

## COMMITTEE TO ACT ON MOTOR VEHICLE LAWS

Assemblymen Serve Notice On Factions That Lee Bill Will Be Urged.

SACRAMENTO, April 7.—The motor vehicle committee of the assembly, tired out waiting an agreement between the state highway commission and the motor vehicle organizations of California on the terms of the new automobile law, last night served notice on the confiding factions that unless they got together and agreed on a bill and workable law by this afternoon the committee would take matters into its own hands.

That the motor vehicle committee, which was originally prepared in committee, has been worked over to incorporate the views of the principal motor interests and now stands ready for introduction. It has been held up so that, if the warring interests should agree on something use the agreed substitute might be used.

**DISAGREEMENT ON TAX**  
 The automobile club men, the truck association, the manufacturers and the highway commission are virtually agreed on the license fees for the motor vehicle, but they are also virtually agreed on the weight provision, adding a license charge of one cent a hundred pounds for each vehicle, which is to be computed with load. The disagreement comes over the wish of the highway commission to add to this further revenue by placing a tax of one cent a gallon on gasoline. The other interests have refused to accede to this.

The conference yesterday was attended by representatives of the California State Automobile Association, the Automobile Club of Southern California, the San Francisco Motor Car Dealers' Association, the Los Angeles Motor Car Dealers' Association, the California Automobile Trade Association and truck, tractor and harvestor interests.

**SPLIT ON QUESTION**  
 Speaking for the motor vehicle conference committee, David F. Faries of Los Angeles, its acting chairman, issued the following statement: "The automotive industry and motorists of California are threatened with new and increased taxes aggregating approximately \$5,000,000 annually, under bills being introduced by the legislature. The demand of the commission for this staggering sum, in addition to taxes amounting to \$5,666,623.45 imposed last year by the present annual increase of approximately \$1,500,000, has resulted in the commission being arrayed against a united automotive industry. There are many divergent views of commission and the motor vehicle conference representatives, but upon the question of new and increased taxes the factions have split. A third conference is scheduled for tomorrow morning and the first round of what promises to be a contest through both houses will be fought tomorrow afternoon before the assembly motor vehicle committee."

"The commission is demanding that the motorists and the automotive industry consent to increasing the present motor vehicle license fees to give the commission \$2,000,000 additional, of which amount they retain \$1,000,000. In addition to the requested raise in registration fees, which is incorporated in the commission's substitute for the Lee bill (motor vehicle conference bill) the highway commission has served notice that it will seek passage of a bill to levy the building of highways on gasoline. From this bill the commission informed the automotive industry that today's conference they expect to raise approximately \$3,000,000."

**CAUSE OF DIFFERENCES**  
 "The motor vehicle conference representatives announced themselves opposed to a gasoline tax, but informed the commission that they were willing to provide adequate additional funds for maintenance, repair, reconstruction, widening and resurfacing of existing highways. The commission asserted it had not prepared a budget, and that the sum sought was 'an estimate of probable needs based on their experience, but declined to furnish any figures to explain or support their demands. The automobile men refused to agree to the doubling of taxes requested by the commission without any explanation other than the commission's mere statement. The highway commission further insisted that they be given an absolutely free hand in the expenditure of motor vehicle funds. The automobile men held that to grant this request would mean that motor vehicle funds could be used for new construction instead of vitally needed maintenance."

"The first biennial report of the highway commission asserts that the state's portion of the motor vehicle funds is insufficient to properly maintain the highways. Representatives of the automobile clubs, however, point out that \$3,545,130.41 of these funds have during the past four years been diverted by the commission into the building of highways provided for in the last three state highway bond issues. Of this sum, the automobile men held, \$2,700,000 has been repaid, and at the close of the last fiscal year the automobile men still owed maintenance funds of \$845,130.41, a sum that would be sufficient to repair many state highways badly in need of it."

**Increased Penalties for Crimes Favored**  
 SACRAMENTO, April 7.—A bill restoring the penalties for various felonies was finally considered by the Assembly Committee on Revision of Criminal Procedure, and reported out with amendments.

The bill leaves the penalties for most felonies as they now stand, but makes the punishment for robbery with force and violence and with a deadly weapon, and for murder, ten years. Other classes of robbery vary a penalty of not less than two years, which formerly was the general minimum.

The penalty assessed against a husband who puts his wife in a house of bad repute is increased from three to ten years.

**School Women Club Patronesses Named**

Patronesses for the benefit theater party which the School Women's club will give on Monday night at the MacArthur playhouse, when Alice MacCallister appears in "Slippery McQueen," are Mrs. E. C. Turner, Mrs. L. Donohoe, Mrs. F. C. Turner, Mrs. J. George Short, Mrs. Lee Prosser, Mrs. Ned Howard and Mrs. Maud Lane Andersen.

**Nurses' Wage Bill Passed in Assembly**  
 SACRAMENTO, April 7.—A minimum wage bill for nurses under training in hospitals of the state was passed by the assembly. It is introduced by Assemblyman William B. Hornblower. It provides for a wage of \$20 a month for the first year and \$25 a month for the two subsequent years of course training. Hornblower said the wage now runs from \$5 to \$15 a month.

# HALF-A-DOLLAR FRIDAY

NO DELIVERIES ON ADVERTISED LINES EXCEPT WITH OTHER PURCHASES.

NO PHONE OR MAIL ORDERS ON ADVERTISED LINES.

**Whitthorne & Swan**  
 OAKLAND'S STORE THAT UNDERSELLS

## IMAGINATION IS DECLARED PRIME NEED OF BUSINESS

Progressive Men's Club Hears Luncheon Address by Rev. John Snape.

Every man is a two-men—what he is and what he wants to be, according to Rev. John Snape, pastor of the First Baptist church of Oakland, who addressed the members of the Progressive Business Men's club of Oakland yesterday at its regular weekly luncheon at the Hotel Oakland. A man who doesn't aim higher than the mark he really intends to hit will hit below the mark at long range, was another assertion made by Rev. Snape in summing up a modern business man. "Aiming at marks in life," said Rev. Snape, "is like shooting clay pigeons; the sportsman must aim ahead of his bird if he expects to register a hit."

**SOUL OF BUSINESS**  
Rev. Snape declared that imagination is the soul of business; that it is the spindle upon which the world of things turns. Without imagination a man is helpless. The recent world war, he said, was won on imagination—the allied leaders using their imagination to advantage and outmaneuvering the enemy, who fought on speculation.

"Even a minister must have imagination," said Snape. "Without imagination he is a very small asset to the community which he serves. Even a politician must have a very vivid imagination. 'The mind is the king in a man's general makeup, sensation to make up of king messengers, who run back and forth over the five railroads of personality, carrying the king's messages. Perception is the king's clerk, and memory the king's historian that records the events of a man's life. Imagination is the king's explorer; it is the most solid function in the human mind, it is the business man's one great asset. Without imagination you can not establish credit with which to begin your business.'"

**REPUTATION AND CHARACTER**  
Reputation, Snape declared, is a thing that is made, while character is cultivated and grows. Reputation may be made and lost overnight, while character, once attained, can never be lost. Snape characterized the minister as a mood maker—a sort of a moral steering wheel for a community. "He is the man who knows how to lead the moral mind of a community," said Snape; "the man who helps to make it possible for women and girls to travel about in safety, and to cause crooks to fear the law."

## What's Happening in the Motor World

by Jim Houlihan

Until all of the mountain roads are open for travel, a time which is expected to be about July 1, The TRIBUNE will print each week, either in this column or in the Sunday Automotive Section, at least two road bulletins weekly. One, that issued by the California Highway Commission, is printed today. Supplementing this statement of road conditions, which covers mainly the roads under jurisdiction of the state road builders, will be the reports given out by the Forest Service and also that printed by the Weather Bureau.

The motorist who follows the information afforded in these bulletins will be enabled to keep closely informed on touring conditions. (This bulletin states the condition of roads only where work is under way or where the condition of the roads is abnormal.)

**COAST ROUTE**  
(Open from San Diego to Eureka.)  
CUMINGS TO SCOTLAND. Pavement on this road is very narrow where slides have occurred.  
AZOTO GRANDE. Construction of the highway has been resumed by county authority and traffic is being detoured a short distance around the work.

**GOLTA. Pavement is very rough for a distance of two miles.**  
**SOUTHERN CENTRAL AND NORTHERN LOS ANGELES COUNTIES.** On October 14, 1920, the bridge over Rio Honda just east of Montecito was burned, and traffic is being diverted to the north, crossing Rio Honda on the trestle bridge. This detour is in good condition and is about five miles, adding about three and a half miles to the distance traveled between Los Angeles and Whittier.

**INTERIOR OR VALLEY ROUTE**  
(Note—All roads above 1500 feet elevation are very difficult on account of snow. Wards in the higher altitudes considerably.)  
**YONKERS TO YUBA.** Gravel surface under repair. Road in good condition except narrow in places on account of slides.  
**RED BLUFF TO LOS MOLINOS.** Take the state highway to west of Yuba, and thence take county road. East side of road under construction.  
**YUBA TO THAMA-BUTTE COUNTY LINE.** Under construction. Take old county road, which is rough and bad during storms.  
**RIZ TO WILLOWS.** State highway under repair. Drive carefully.  
**WILLOWS TO RICHVALE.** Not open to through traffic, particularly after rain.  
**LAKEVIEW TO COLUSA.** State highway under repair. Drive carefully.  
**WOODLAND TO ZAMORA.** Take state highway from Woodland one mile west, then north to Barleade, then west on county road three-fourths mile, then north to Cache Creek and along south side of creek to Yolo, Highway Yolo to Zamora open.

is recommended that heavily laden trucks discontinue the use of this section of the highway. The roadway at Yuba slide has been widened to a maximum width of ten feet for a length along the roadway of approximately 100 feet. This slide and roadway are, as yet, not both day and night, the grade maintained with necessary rock, and for the safety of public travel, signs and lanterns are being maintained.

**HERCULES TO YUBA.** Concrete base now being repaired. This section of highway was closed Wednesday, March 3, 1921, and traffic is being detoured over county road located on south limits of Redco, continuing across streets of Redco, thence to highway. Barleade, signs and lanterns are being maintained for safety of public travel.

**EL CENTRO TO YUBA.** The plank road is in daily use. Practically all of the travel to and from Yuba now takes the plank road. **SAN BERNARDINO TO EL CENTRO.** The old surface of Riverside County road between Haunau and Indio has been repaired by Riverside County forces and is in fair condition north of Indio Springs. Between the end of the pavement south of Thermal and this road there are about fifteen miles of dirt road in traffic, with two large construction outfits at work. The balance of the road is very rough and sandy and travel by this route should be avoided if possible. Between Indio Springs and El Centro, a distance of fifty miles, the road is in fair condition, about twenty miles of which is paved.

**SAN DIEGO TO EL CENTRO.** The highway is open except from Chualar Creek to a point one mile east of Alpine, where the county road is used and is in excellent condition. The new concrete pavement has been opened to traffic from Tecate divide to the top of the San Jacinto Mountains. Various events will be open to participants and teams from all the schools. It is being conducted under the direction of the recreation department of the schools.

**COAST RANGE ROADS**  
(In addition to Coast and Valley Routes)  
**FOULDA TO LAKEPORT.** Open but rough. Traffic delayed at times where steam shovel is operating.  
**LOS GATOS TO SANTA CRUZ.** State highway under contract and now closed due to construction under way from Los Gatos to Glenwood. Due to recent winter conditions, there are at present no available detours between Los Gatos and Santa Cruz. The most available route for travel to and from Santa Cruz is via Watsonville and these county roads are now in fair condition.

**OTHER ROADS THROUGHOUT STATE**  
**MARTINEZ TO RICHMOND.** The slide at Valena constitutes a hazard and should be approached with caution at all times.

**EPILEPSY**  
Has STOPPED For Over 50 Years  
BY DR. R. R. KLINE  
A thoroughly successful treatment for Epilepsy, Mental Defect, Nervous Disorders, and Kindred Nervous Derangements. Get or order it at any drugstore.  
California Veteran Suffered 15 Years—Victor's Home, Calif., April 28, 1917. For over fifteen years I suffered untold agony from Epilepsy; had as high as 400 and 500 fits in a year. I took all kinds of treatment. Many injured me more than helped me. I was now Dr. R. Kline since Dec. 1st, 1918, and since that time have not had one fit. It is now 45 days since the last one. O. E. Houlihan, Dept. A & B, Dr. R. R. Kline Co., Ted Bank, N. J.

### RELIABLE

DOESN'T it strengthen your confidence in your fellow men to know that a square deal policy has held R-B Cigars down to the price quality that first made them popular? Still the same good cigar, always in prime, fragrant condition no matter where you buy it—and 8 cents for the Londres size.

Local Distributor

## Well filled Reservoirs Protect this Company's Earnings—and the Stockholders' Dividends

**THE** two great storage reservoirs—San Pablo and San Leandro—have been well filled by the rains of the past winter. The East Bay Water Company is in a position to meet the water supply needs of the community for the next ten years. The company has today in its storage reservoirs more water in reserve than at any time during the 53 years existence of it and its predecessors.

Adequate water reserve is another factor of safety to this issue of Class "A" Cumulative Preferred Stock offered to consumers and the public of the East Bay Cities at \$78 per share (par value \$100) to yield a net income of approximately

### 7.70%

This stock is non-assessable—free from all State, County and Municipal taxes (except Inheritance Tax)—and exempt from Normal Federal Individual Income Tax.

Invest your money in a local business—with earnings obviously assured. Be a preferred owner in a company supplying an absolute necessity.

Further information may be secured and stock purchased at the following offices of the East Bay Water Company.

ORPHEUM—Three headline acts  
will be offered at the Oakland Or-  
pheum for the week beginning next  
Sunday afternoon. Included in the  
starring acts will be Harriet Rempel,  
Williams and Pettus, and Moss and  
Frye.

Miss Rempel's sketch is entitled,  
"The Story of a Picture."  
"From Soap to Sinner" is a  
ruffian comedy in three courses.  
will be the offering of Herbert Wil-  
Hans and Rilda Wolfe.

Harriet Rempel's sketch is entitled,  
"The Story of a Picture."  
"From Soap to Sinner" is a  
ruffian comedy in three courses.  
will be the offering of Herbert Wil-  
Hans and Rilda Wolfe.

# BAPTIST WOMEN ELECT OFFICERS

Miss J. M. Davis was yesterday  
elected president of the Women's  
Auxiliary of the First Baptist church.  
The following officers will serve with  
her: First vice president and de-  
partmental secretary, Mrs. M. E.  
Speranza; second vice president and  
missionary superintendent, Mrs.  
George M. Thomas; secretary, Mrs.  
A. E. Caldwell; treasurer, Mrs. H. A.  
Mackinson.

The following leaders were named  
for the newly formed circles: Mrs.  
C. E. Rhodes, Mrs. A. J. Mathieu,  
Mrs. C. W. Scott, Mrs. P. C. Gayman,  
Mrs. H. M. Hall, Mrs. C. J. McNitt,  
Mrs. M. H. Higgs, and Mrs. J. B.  
Wasson.

Speakers at the luncheon which  
celebrated the annual meeting and  
election included: Mrs. L. J. John-  
son, Mrs. John Spence, Mrs. M. E. Hil-  
lcoe and Dr. John Spence, pastor of  
the First Baptist church, Mrs. J.  
M. Davis, the president, presided.

Some striking motion pictures of  
the Kentucky hills, and of the  
charms of "The Little Shepherd of  
Kingdoms" are used between acts.

New York comedy, "Tumbled  
Wives," is to be produced next Sun-  
day, for the first time in Oakland.

T AND D—Black Bennett's "Small  
Town Idol" is furnishing laughs at  
the T and D theater this week. It is  
the first of Bennett's "Admirable  
Comedies" and is a spectacular and me-  
lodramatic with the humorous.

Len Turpin is the "Idol" Phyllis  
Hear is in country sweetheart and  
Charley Murray is the sheriff.  
"Gosh Kate," a second big feature  
of the same program and starring  
Alice Joyce, is an acceptable pro-  
duction with a never-fading hold  
over. Charles Roy in "B and  
Phyllis," and Alice Lake in "The  
Miss Wife," begin next Sunday.

STATE—Louise Chalmers appears as  
the chief character in "Love," the  
feature picture at Loew's and at the  
theater. "Love" is a picture of  
the heart.

Harry Hines, musical comedy star,  
heads the variety for the second  
half of the week. Jack Gregory &  
Company appear in "Novelty Land."  
Armstrong and Downey have a com-  
edy called "War and Peace."  
Harmony and music is the listing of  
Betsy and Della. Bond-Berry & Com-  
pany appear in a hilarious one-act  
comedy, "Superstitions." "Eight Miles  
in Eight Minutes" is the amusing  
offering of the Cyprian Trio.

Musical program is presented by  
the State orchestra directed by Paul  
Ash.

Coming next Sunday to the State  
for three days only is Bileen Parry,  
starring in "Why Trust Your Hus-  
band?"

McARTHUR—"Canary Cottage,"  
the Oliver and George musical comedy  
with Alice Gentile, noted opera-  
star and leading woman of the dra-  
matic stock company at the Mac-  
Arthur theater, is proving one of  
the biggest drawing cards of the  
week.

Alice Gentile is fully recovered from  
her recent illness and in addition to  
playing the leading role offers five  
new songs.

"Canary Cottage" will be followed  
next Sunday afternoon by "Slippy  
Goats," a dramatic play by Edward  
B. Rose of the novel of that name,  
written by Marie Conway Oemler for  
the Saturday Evening Post.

PANTAGES—The Pantages pro-  
gram next week boasts three head-  
liners. "Sentimental" Miller, an  
original musical comedy; Quinn and  
Caverly, comedians, in "Lots For  
Sale," and George La Grapes and com-  
pany in "The Woman of a Thousand  
Secrets."

Other good acts on the same bill  
will be Mary Rehn in an eccentric  
comedy singing skit called, "Doing  
Things," and the musical comedy  
girl from the Golden West; Love and  
Wilbur, in speed and smiles on the  
flying rings, and a Sunshine comedy  
entitled, "The Big Secret."

NEPTUNE BEACH—Next Sunday  
afternoon some of the fastest swim-  
mers in the country will start in the  
United States 100-yard junior swim-  
ming championship in the big out-  
door Neptune Beach swimming pool.  
This race will be one of the last  
away. Lester Smith, the Olympic club  
star; Jack Robertson, of the Uni-  
versity of California; and Clarence  
Lane, the Hawaiian swimmer, will be  
in the event. Schultz band will play  
a concert from the beach and shell,  
and Chet Clarke will do some play-  
sion stunts.

THE LIVER IS  
THE ROAD TO  
HEALTH

If the liver is right the whole system  
is better off. Carter's Little Liver  
Pills awaken your  
sluggish, clog-  
ged liver and  
have constipa-  
tion, stomach  
trouble, inac-  
tive bowels,  
loss of appe-  
tite, sick head-  
ache and dizziness. Purely vegetable.  
You need them.  
Small Pill—Small Dose—Small Price

CARTER'S  
LITTLE  
LIVER  
PILLS

CONSTIPATION

Constipation can't  
be cured by strong  
cathartics. The  
bowels need a nat-  
ural remedy like  
Munyon's Paw-  
Paw Pills to help  
them produce a  
natural move-  
ment. Munyon's  
Paw-Paw Pills  
contain no in-  
jurious drugs. They  
school the bowels  
to act without  
physic. They act  
upon the liver and  
stimulate the se-  
cretory glands of the  
bowels, which thor-  
oughly digest the food  
and excrete the waste  
perfectly natural.

LIVER HAS BEEN RELIEVED BY  
CHAN HERBS

Liver trouble from which Chan Herbs, 1000  
Fruitland ave., Oakland, suffered for seven  
years was relieved by a single week's treat-  
ment with Y. L. Chan Herbs, as is told in his  
letter.

FOR 2 YEARS I WAS A SUFFERER FROM liver  
trouble, from which a number of doctors failed  
to give me relief. I had stiffness in my arms  
and legs, and suffered constantly with head-  
ache and dizziness. A yellow color was ap-  
parent in my skin. Then I went to Y. L.  
Chan, eminent Chinese herbist. A single  
week's treatment with the famous Chan Herbs  
restored me to health. I have recovered complete-  
ly as a result of that week's treatment. I have  
never felt better in my life. ERNST ROHDE.

# STUDENTS PLAN PARTY.

The senior class of Polytechnic  
College of Engineering will give  
their annual dancet tomorrow even-  
ing at Elbel Club. This will be an  
informal affair given for the stu-  
dents of the college and their friends.

WILSON PLANS NEW HOME.  
PHILADELPHIA, April 7.—  
Woodrow Wilson will have a hand-  
some country home near Washing-  
ton, D. C. It was learned today. A  
local architect has been at work on  
plans since November.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood:  
the doctors made of flesh and blood just like you; the doctors with  
souls and hearts; those men who are responding to your call in the  
dead of night as readily as in the broad daylight; they are ready to  
tell you the good that Fletcher's Castoria has done, is doing and  
will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to  
try an experiment. We just want to impress upon you the importance  
of buying Fletcher's.

Your physician will tell you this, as he knows there are a num-  
ber of imitations on the market, and he is particularly interested in  
the welfare of your baby.

Genuine Castoria always bears the signature of *Dr. H. H. Fletcher*

Booster Convention

SAN FRANCISCO, April 6.—  
Northern California counties will  
have exhibits at the national conven-  
tion of the Woman's Christian Tem-  
perance Union in San Francisco next  
August. Co-operation of chambers  
of commerce and local organiza-  
tions will be sought by the conven-  
tion committees.

More than 1000 lessons in Ameri-  
canization have been given since the  
beginning of the year, according to  
Mrs. Sarah J. Dorr, state president,  
addressing the executive board yester-  
day. A new Americanization cen-  
ter, formerly occupied by a saloon at  
Laguna and Fell streets yesterday  
was visited by the delegates.

LIVER HAS BEEN RELIEVED BY  
CHAN HERBS

Liver trouble from which Chan Herbs, 1000  
Fruitland ave., Oakland, suffered for seven  
years was relieved by a single week's treat-  
ment with Y. L. Chan Herbs, as is told in his  
letter.

FOR 2 YEARS I WAS A SUFFERER FROM liver  
trouble, from which a number of doctors failed  
to give me relief. I had stiffness in my arms  
and legs, and suffered constantly with head-  
ache and dizziness. A yellow color was ap-  
parent in my skin. Then I went to Y. L.  
Chan, eminent Chinese herbist. A single  
week's treatment with the famous Chan Herbs  
restored me to health. I have recovered complete-  
ly as a result of that week's treatment. I have  
never felt better in my life. ERNST ROHDE.

## RUSSIANS HEED CALL OF SOVIET TO RETURN HOME

Skilled Workmen Leave U. S. As Protest Against Policy.

SAN FRANCISCO, April 7.—Unsuccessful in their efforts to effect trade resumption with the United States, the Russian Soviet has sent forth a call to have all the Russian workmen of the skilled class return to their native land, it was announced by U. Ellingsen, shipbuilding superintendent, who sailed for Vladivostok on the steamer Persa.

Ellingsen, who was accompanied by Theodosius I. Mesbanan, another expert shipworker and a half score of other Russians, said that at present nearly 1000 of his countrymen are leaving the United States each day and it is estimated that nearly a half million of the Russian Soviet will return home this year.

The Russians are being coaxed home by the promise of free land, high wages and living conditions on a standard never before experienced according to Ellingsen. He added: "We are going home because we believe conditions in Russia will now prove an attraction to the working class. We are also doing this because it is the best sort of a protest against the action of the United States in refusing to resume trade relations with us at home."

The baggage and personal belongings of the Russians was carefully searched by government officials before the Persa sailed. This was done because it has been learned that Russians have been detected at numerous shipbuilding plants, navy yards and fortifications, making sketches and photographs.

The reason for securing this data has not been divulged, but according to an authorized government representative, it is believed that the Soviet is gathering all possible information regarding the war and preparedness arrangements of any country which may possibly become involved in war with the communist nation. Ellingsen said that he had no information regarding activity of this kind that might concern his countrymen.

### Alleged Alimony Defi Narrates to Court

Edward Landi, alleged con-plaintiff to keep from paying his wife alimony as ordered by the court which has involved T. L. Christianson in contempt proceedings before Judge A. J. St. Sure, was described by witnesses called by Christianson when the trial was resumed today.

Landi, an ark-dweller, who in 1919 defied Judge St. Sure and refused to pay his wife alimony, declared that Christianson met him at the Bank of Italy building while he was on his way to the courthouse and told him: "Keep out of the way. They're trying to railroad you."

Sisters, nieces and nephews of Landi took the stand and declared that Landi had said he would "skip the country" rather than pay alimony and his wife's attorney's fees. Landi and his wife have since become reconciled.

Landi declared that he did not go into court as ordered by Judge St. Sure because he had never been in court before.

### Chinese Gardener Is Ambushed by Tong

SAN FRANCISCO, April 7.—Chou Wah, Chinese gardener, is in San Mateo county hospital to day suffering from gunshot wounds in the abdomen and right arm, inflicted yesterday by two Chinese, presumably tong gunmen, who ambushed Wah as he was gathering firewood on a hill near Belmont. It is believed his injuries will not prove fatal.

San Mateo county authorities link up the assault on Chou Wah with the tong hostilities which have been resumed throughout the state and see some connection between the attempt on Wah's life and the murder last Tuesday night in Vacaville of an unidentified Chinese.

Wah, who is employed on the George C. Rose ranch, was picked up firewood when the two Chinese rose from a clump of bushes and fired at him with sawed-off shotguns.

### Musical Evening At Centennial

A rare program of music will be rendered at the Centennial Presbyterian Church, Twenty-fourth avenue and Pothill boulevard, tomorrow evening by Mrs. Laurel Conwell Blas of Santa Cruz, assisted by Mrs. Speed of Berkeley. The public has been invited by the Intermediate Society of the Church. Admission is free; a silver offering will be asked to cover expenses. The following program will be given:

By Mrs. Blas—"The House by the Side of the Road"; "Cuddle Doon"; "Goblins"; "The Homing Girl"; "Little Brown Baby"; "Temptation"; "The Curse of Hagan."

By Mrs. Speed—Group of songs. By Mrs. Blas—"Da Deka Frand"; "Guiseppa Scalebrella"; "The Laborer and His Hire"; "The Bear Story"; "Their Last Ride Together."

By Mrs. Speed—Group of Scotch songs. By Mrs. Blas—"King Robert of Sicily." With music.

### Irish Relief Fund Now Totals \$22,900

The final luncheon of campaign workers in the drive to raise \$150,000 for the aid of women and children of Ireland was held today in the Palace Hotel, where reports indicated that by tonight the cities and counties of the San Francisco bay district would have raised \$24,000.

The campaign is being directed from the campaign headquarters at 601 Santa Fe building by Harry T. Bogart, who directed many of the war campaigns in California.

The first reports of the campaign workers made at luncheon showed that \$22,900 had been raised. More than \$20,000 went into the fund in advance contributions before the formal opening of the drive.

Wings of the morning!

Think what it means, first thing in the morning, to sit down at your breakfast table and find a real good steaming-hot cup of coffee waiting for you!

Think of the delightful fragrance, and the rich smooth taste!

Think of the invigoration and set-up it gives you for your day's work!

And think of the little money it costs! Fine coffee is so full-flavored that it costs just about the same per cup as ordinary coffee.

Think of Schilling Coffee and your money back if you want it!

# Schilling Coffee

## Women's Bandeaux 29c

# JWER COMPANIES TATTLE DEAL FOR SURPLUS 'JUICE'

cific Gas and Electric Will  
The Large Portion of Great  
Western Excess.

Following instructions issued by  
State Railroad Commission yester-  
day, announcement was made to-  
day by Power Administrator H. C.  
Cler that an agreement had been  
reached whereby the Great Western  
power company will dispose of all of  
surplus current to the Pacific  
and Electric company at a price  
fixed by the commission.  
resident Frank Devlin of the  
mission gave the two corpora-  
a week upon which to get to-  
gether on a proposition for the dis-  
posal of the surplus generated by the  
Great Western and for which the  
Pacific has a market. A conference  
was held last night at which  
President J. H. Burton of the  
Pacific Gas and Electric, and Cap-  
tain H. F. Jackson of the Great  
Western came to an agreement as  
first. The Pacific Gas and Elec-  
tric company agrees to take surplus  
power from Great Western Power  
company insofar as it can displac-  
e, and to the extent of the inter-  
connections.

**ARRANGEMENT DETAILED**  
Second. It was the joint estimate  
of the two companies that during  
remainder of the year 30,000,000  
kilo watt hours could be taken over  
from present interconnections and  
be sold to the Pacific Gas and Elec-  
tric company at a price of 1.5 cents  
per kilowatt hour. The Great Western  
company would have an additional  
plus of 20,000,000 kilowatt hours.  
To utilize this additional surplus  
power the Pacific Gas and Electric  
company has agreed to build a new  
plant at a cost of \$10,000,000.

There will be seven principals in  
the play, surrounded by the chorus.  
The play is the story of the early  
days in California. Chief Tomah-  
hawk, acted by R. Boren; Prince  
Whiteface, Sterling Rounthwaite;  
Laymont, John Eldredge; the Pio-  
neer, Lawrence Cone; an Indian  
Princess, Lucia Burk; Waitze, the  
pioneer's daughter, Margaret Aron-  
son, and a number of Indian mal-  
dens and braves all have special parts  
in the production. In the chorus

are Thelma Dowe, Elizabeth Lucy,  
Edella Martland, Marian Reed, Mil-  
dred Neel, April Baker, Alda Berry,  
Frances Crane, Margaret Ellsworth,  
Ina Himmann, Lucille Hudson, Mary  
Rosebrook, Thelma Van Horn, Caro-  
line Williams, Karen Miller, Eliza-  
beth Hackett, Madeline Hilton,  
Eloise Keeler, Charlotte Palmore,  
Isabelle Bunker, Marion Chase, Do-  
ra Grant, Esther Jacoby, Leora  
Kubie, Virginia Lindsay, Thelma Os-  
good, Dick Barber, Stanford Moss,  
Thomas Pollard, Paul Sadder, Rich-  
ard Starkweather, Gustave Thaler,  
Ralph Bender, Charles Wilson, Reeve  
Walson, Wayne Cobble, Warren Wil-  
liams, B. Smith, Harold Harrison, Joe  
Moore and Dan Baldwin.  
The play will start at 8:15.

and menus committee, for the as-  
sistance of that committee in its  
work.  
The smallest appropriation sought  
by the special legislative com-  
mittee is \$169,88 to pay a claim of Sis-  
terly county against the state. The  
largest single item is \$3,000,000 for  
flood control in Los Angeles county.  
Next are two of \$1,000,000 each, one  
carried by the Hart bill for a  
soldiers' farm and home aid board,  
and one carried by the Spencer bill  
for a soldiers' farm and settlement board.  
The Spencer bill has not been re-  
ported out. The Hart bill, however,  
would be for the foundation of a va-  
cating fund, planned to be self-  
supporting.  
Thirteen road appropriations are  
sought. Three of them have the  
amount blank. The remaining ten  
ask for a total of \$995,000 for con-  
struction work. Increased salaries  
and new positions for various courts  
and for a few state offices aggregat-  
ing \$11,000. Improvements, pen-  
sions and new institutions amount  
to \$2,487,012, which includes a pro-  
posal to appropriate \$800,000 for  
psychopathic hospitals and \$30,000  
for a psychiatric institute at San  
Quentin prison.  
Additional land at many institu-  
tions for penitents, a comfort sta-  
tion in McArthur park to cost \$200,  
preservation of the Redwoods to cost  
\$700,000, cutting tree lanes, enforce-  
ment child labor laws, bridging the  
Klamath river and a diversity of  
other items make up the balance.  
All of this, of course, is in addi-  
tion to the budgeted items of \$81,  
\$87,892.51, about two-thirds of which  
have already been approved by the  
budget board which has the balance  
under consideration.

Thomas A. Edison has patents on  
more than 1000 inventions.

**"You're Right, Sir, S. S. S.  
Is Good for Rheumatism"**

"Your friend who recommended  
this simple herb remedy to relieve  
your rheumatic pain gave you ex-  
cellent counsel, in my opinion."  
"Of course, we druggists do not  
prescribe for our customers—we  
are not physicians—but when we  
hear so many of our patrons giving  
S.S.S. credit for ending their  
rheumatic aches and twinges, and  
when we see so many rheumatic  
sufferers beginning to use it on the  
advice of those it helped, we cannot  
help being impressed with its  
worth."  
"As I understand from talking  
with doctors, most of those agoniz-  
ing rheumatic pains and aches are  
caused by impurities in your blood  
stream, and the only way to end  
your torture is to drive them out."  
"That is just why S.S.S. is so

# More Than \$10,000,000 in Excess of Budget Is Asked

BY ASSOCIATED PRESS.  
LEASING WIRE TO TRIBUNE.  
SACRAMENTO, April 7. — Ap-  
propriations asked so far from the  
legislature for various projects or  
items not included in the list of  
needs formulated by the state budget  
committee totaled a total of \$10,936,  
017.99, according to a table pre-  
pared at the direction of Chairman  
T. M. Wright of the assembly ways

# YOUTHS ACCUSED OF AUTO THEFTS IN POLICE TOILS

Check Shows 24 Motor Cars  
Have Been Stolen for  
Joy Rides.

Six youthful joy-riders with a total  
of 24 "borrowed" automobiles  
checked out by the Berkeley police  
turned over to the juvenile authorities in Oak-  
land. The automobiles have been  
taken since February 11.

All of the youths taken into cus-  
tody by the Berkeley police are  
residents of Oakland. They are:  
Kepner T. Mickelsen and Jason I.  
Mickelsen, 17-year-old twins of  
4021 Pothill boulevard; Leo Earl  
Weiss, 19, 1520 Third street; Philip  
Phillips, 20, Hartford place, San  
Francisco; Ethel Peters, 2222 Dela-  
ware street, Oakland.

According to the Oakland police,  
who are working with the Berkeley  
department in checking up on the  
cases, the boys are believed to have  
been responsible for a number of  
missing automobiles which have not  
been reported to the police.

Among the automobiles they have  
confessed to taking, police say, are  
fourteen cars from Oakland. These  
include:  
The machines of Charles Shaw,  
3212 School street; James Lekar,  
1420 Pothill street; P. Chamber-  
lain, 1440 Bonita avenue; David  
Jones, 342 Maybelle avenue; Louis  
Holt, 122 Thirty-third avenue; R. A.  
Brown, 223 Twenty-fourth avenue;  
E. Larson, 2223 Pothill boulevard;  
J. V. Thurston, 3202 Delaware  
street, and E. E. Potter, 753 War-  
field avenue.

**Official Ticket of  
Oakland Club OK'd**  
The primary at the Oakland Club  
yesterday resulted in the election of  
the board of directors, the official  
ticket being endorsed unanimously.  
Mrs. F. E. Adams succeeds Mrs.  
Charles Lincoln Taber as president.  
Mrs. Taber refused to confer a sec-  
ond term owing to continued ill  
health. Mrs. E. R. Tuttle succeeds  
Mrs. A. B. Claster as vice-presi-  
dent, who health forbids her  
also to accept a place on the board.  
Other officers who will direct the  
desires of the club the coming sea-  
son are: Vice-presidents, Mrs. A.  
T. MacDonough, Mrs. John Nichol-  
son, recording secretary, Mrs. John  
Chesnut; financial secretary, Mrs.  
P. L. LeBlanc, corresponding sec-  
retary, Mrs. George Samuels; assis-  
tant, Mrs. H. E. Wharton; treasurer,  
Mrs. E. P. Fenton; chairman of de-  
partments, Mrs. Nellie Nelson.

Serve Beer's Cakes — 15c. — Adver-  
tisement.

and menus committee, for the as-  
sistance of that committee in its  
work.  
The smallest appropriation sought  
by the special legislative com-  
mittee is \$169,88 to pay a claim of Sis-  
terly county against the state. The  
largest single item is \$3,000,000 for  
flood control in Los Angeles county.  
Next are two of \$1,000,000 each, one  
carried by the Hart bill for a  
soldiers' farm and home aid board,  
and one carried by the Spencer bill  
for a soldiers' farm and settlement board.  
The Spencer bill has not been re-  
ported out. The Hart bill, however,  
would be for the foundation of a va-  
cating fund, planned to be self-  
supporting.  
Thirteen road appropriations are  
sought. Three of them have the  
amount blank. The remaining ten  
ask for a total of \$995,000 for con-  
struction work. Increased salaries  
and new positions for various courts  
and for a few state offices aggregat-  
ing \$11,000. Improvements, pen-  
sions and new institutions amount  
to \$2,487,012, which includes a pro-  
posal to appropriate \$800,000 for  
psychopathic hospitals and \$30,000  
for a psychiatric institute at San  
Quentin prison.  
Additional land at many institu-  
tions for penitents, a comfort sta-  
tion in McArthur park to cost \$200,  
preservation of the Redwoods to cost  
\$700,000, cutting tree lanes, enforce-  
ment child labor laws, bridging the  
Klamath river and a diversity of  
other items make up the balance.  
All of this, of course, is in addi-  
tion to the budgeted items of \$81,  
\$87,892.51, about two-thirds of which  
have already been approved by the  
budget board which has the balance  
under consideration.

**YOU CAN GIVE YOUR  
SKIN THE LOVELY  
TINT OF YOUTH**

By the use of the popular Black  
and White Beauty Requisites

If you are wondering how  
you can beautify your com-  
plexion by removing your skin  
blemishes such as pimples,  
blackheads, dark brown blotch-  
es, liver spots, do this today—  
go to your nearest drug store,  
get a package of Black and  
White Ointment and a cake of  
Black and White Soap.  
Just before retiring, wash the  
skin with the warm, soothing  
lather of Black and White  
Soap; then mix and apply  
Black and White Ointment. Re-  
peat the application for a few  
nights and you will be de-  
lighted with the results.  
Send 10c and this advertise-  
ment for free samples of Black  
and White Ointment and Soap,  
Talcum and Face Powder to  
Black and White Box 1507,  
Memphis, Tenn.

# DAYLIGHT THIEF LOOTS STORE OF \$20,000 IN GEMS

Showcases Stripped of Val-  
ables While Proprietor Is  
Visiting Bank.

SAN FRANCISCO, April 7. — A  
daring daylight burglary on a busy  
street netted fast working robbers  
\$20,000 in diamonds and jewelry this  
morning. During a short half hour  
the robbers completely ransacked  
the establishment of Morris J. Mailer,  
1089 Valencia street, and made  
their escape without leaving any-  
thing which would serve to disclose  
a clue to their identity.  
The fact that Mailer had already  
taken his jewelry from the safe and  
placed it on display before closing  
his store to make a short business  
trip to Mission street, a block away,  
was responsible for the amount of  
the loot obtained. As usual Mailer  
opened his place of business and im-  
mediately displayed various articles  
of jewelry in the windows and show-  
cases.

**SHOWCASES STRIPPED**  
Believing that the business that  
took him away could be completed  
in 15 minutes, he did not take the  
trouble to again place in the safe the  
valuable articles in his stock. On his  
return he found everything of value  
gone. The burglars had cut the  
screen from a side door leading from  
Bartlett street, smashed the glass  
panel and opened the door by thrust-  
ing a hand through the opening.  
Once inside it is believed that they  
posed as clerks and had no difficulty  
in taking everything in sight.  
The loot includes a \$4000 necklace  
which Mailer said contained 73 dia-  
monds and 19 carefully selected bits  
of jade. Diamond rings, pins,  
necklaces, bracelets and pendants  
formed the balance of the articles  
stolen.

**NO CLEWS FOUND**  
Detectives Sergeant Charles Callan  
and Thomas Hegan and Sergeant  
Lionel Shaw made an investigation.  
There was nothing to indicate  
whether more than one man was  
responsible save that the rapidity  
with which the crime was commit-  
ted seemed to warrant the theory  
that two or more were responsible.  
The crime is almost identical with  
one perpetrated a month ago when  
a jewelry store on Fillmore street  
was ransacked during the absence  
of the proprietor at lunch.

**BOY BREAKS ARM**  
A fight for the possession of an  
apple at the Lafayette school, Eigh-  
teenth and West streets, ended to-  
day after William Novosol, 10 years  
old, 1506 Filbert street, received a  
broken right arm during the scuffle.  
The lad was taken to the Emergency  
hospital. Police were unable to  
learn the name of the boy with  
whom he had been fighting.

# Births, Marriages and Deaths

Myra A. Ellsworth, 40, Stockton.

**Wife Given Divorce  
From Lawyer Spouse**  
Mrs. Ethel Humphreys was granted  
divorce today from C. W.  
Humphreys, San Francisco attorney,  
by Judge P. R. Parker on the  
ground of desertion.  
Mrs. Humphreys said her husband  
was in the habit of remaining out  
until 2 or 3 o'clock in the morning  
and that he refused to explain his  
absences. They were married May  
8, 1917, and separated June 9, 1919.  
Mrs. Humphreys was granted the  
custody of a three-year-old child  
and \$25 a month.

R. m. at the Fruitvale chapel of C.  
N. Cooper, 3247 East 14th street,  
Cal. Saturday afternoon.  
SIMPSON—In Stockton, April 3.

# War Secrets Out at Last!

**Oakland Tribune Secures  
Great Lansing Book and  
Daniels' Story of Navy**

All the world has been waiting for the story  
of former Secretary of State Lansing on the  
peace conference, the split with Wilson, the  
Shantung affair, the Japanese bluff of all the  
nations. It will be the most noted contribution  
to diplomatic literature of a decade. The Oak-  
land TRIBUNE has secured exclusive rights for  
its newspaper publication in the San Francisco  
bay territory.

"What America Did and Failed to Do at  
Paris" will be answered by the man best qual-  
ified of all the statesmen to answer it. He will  
give a complete story of the confidential happen-  
ings inside the peace conference. Publication  
will start in The OAKLAND TRIBUNE Satur-  
day, April 16.

The Year's  
Biggest  
Newspaper  
Features

**Truths Never Before Revealed**

Almost simultaneous with the Lansing pub-  
lication will come Josephus Daniels' inside  
story of war secrets that have never before been  
trusted on paper. Sensational revelations will  
be made in his series of articles which will  
start in the Oakland TRIBUNE exclusively  
April 17. He will tell inside facts regarding  
the biggest mine operation in the world's his-  
tory—how we put the North Sea mine barrage  
in operation after the British declared it could  
not be done. Taking the little nursery rhymes  
now to rear, the amazing story of Mother Goose  
rhymes used to baffle German submarines. The  
thrilling story of submarine capture 23 lost for  
a month in the Atlantic, avoiding capture and  
navigating under sails made of bed clothes;  
trailing the horrors from the time they left their  
nets; depth bomb tactics. How we safeguarded  
supremely important plants—guarding against  
German spies—some things we never trusted  
to paper—the mysterious disappearance of the  
"Black Plan" for war with Germany. Things  
never before revealed!

Read These Amazing Narratives in the  
**Oakland Tribune**

# RECREATION BILL GETS AID FROM LABOR COUNCILS

Other Civic Bodies Support Proposed Amendment to Charter.

Members of the Central Labor Council and the Building Trades Council are supporting the proposed amendment to the Oakland city charter broadening the scope of the recreation department. Jay B. Nash, superintendent, presented the issue, which will be voted upon April 19. Before both organizations this week, those who voiced the importance of the adoption of the amendment were Stanton Lewis of the Central Labor Council, which endorsed the proposition; Sam Donohue, L. Spooner, Perry Burlingame, Tony Quintile, A. C. Gilson, accountant of the State Buildings Trade Council.

The Oakland City, which originated playgrounds in this city, sponsoring the movement until it was taken over by local authorities, yesterday endorsed the proposed amendment. Approval of the amendment would give the city through the official action of American Legion, Post No. 5, Rockridge Woman's Club has also joined the lists of organizations sponsoring the measure which will further expand recreation work.

Parent-Teacher Associations and Mothers' Clubs are pledging support. Among the latest to voice endorsement are Fremont High School, Alameda, Clawson, Sequoia, Elmhurst, Bay school. The most recent endorsement from improvement clubs have been from Pritchard Social and Improvement Club, Oakland Taxpayers and Business Men's Association. Members of Bay Side Parlor No. 20, N. D. G. W., Lyon Relief Corps No. 6, Women's Relief Corps and Adeline D. Porter Post No. 149, G. A. R., are actively supporting the measure for broadening the scope of activities of the Board of Playground Directors.

## Piedmont's Sanitary Sewer Plans Talked

One of a series of discussions on a proposed Piedmont sanitary sewer was held last evening at a meeting in the office of City Engineer George Mattis, with City Engineer, Prather and several other Piedmont officials attending. Preliminary plans for a proposed sewer have been drawn up by the engineers of both cities and when fully approved, will go to the Piedmont officials as a body, and later possibly to the Piedmont citizens for a bond issue.

The sewer is the result of an order from the City of Oakland that Piedmont no longer handle Piedmont's sewage in addition to Oakland's, especially considering the enormous growth of both cities.

## Safe Plundered in Auto Sales Agency

Entering the auto sales agency of Earl C. Anderson, Twenty-eighth street and Broadway, with a key which has been missing from the accessory room for several months, thieves last night smashed the lock on the cash drawer and escaped with \$16.25 and several tools. The burglary was discovered this morning when employees opened the establishment for business.

The missing key from the accessory room was found hanging on a nail, where it is believed to have been replaced by the burglars. Police believe that the robbery was an "inside" job.

## Hikers Will Explore Mine Tunnels Sunday

A visit to the Leona and Stauffer mines will be made Sunday by a party consisting of members of the Contra Costa Hills Club. The party will be headed by Miss Meta C. Mohr, president of the club. They will leave the car at the Leona car line at 9:30 a. m. and will walk about a mile underground exploring the tunnels.

They will take lunch at Camp Smilax, between the great quarry and Redwood road. While there they will be addressed by Marston Campbell, park board director, who will speak in favor of plans for park and boulevard extensions. A tour will then be taken of the proposed chain of camping parks downward from Redwood peak.

# Circus With All Its Pomp And Glitter Comes Tomorrow

Behold "Cheerful" Gardner and his fifty tons of elephants, who will come to town tomorrow with the Al G. Barnes Circus for a three-day visit.

## Performing Wild Animals, Bareback Riders, Acrobats and the Parade; All Will Be Here

Circus day is coming and tomorrow is the day; 52 cars of circus wonders. The Al G. Barnes big four-ring wild animal circus is due to arrive here at day-break, traveling in two sections, known in the past, all the glittering tinsel, sawdust rings, inspiring music and grand entrances of stately horses, ponies, elephants, performers and clowns, lions, tigers, panthers, wolves, hyenas, camels, zebras and leopards, in fact every species of wild animal life to enact the roles of actors in little dramas of their own.

When the performance starts, one instantly recognizes a wide departure from the conventional, stereotyped routine which prevailed since the earliest days of tented entertainment, according to Thos. Francis Henev, representative of the show, who is in the city making final arrangements for the big show and the parade.

## WILD ANIMALS ACT

Instead of the usual, one sees the very unusual in the Barnes program. The principal acts are done by educated wild and domestic animals in three rings, and a big steel-barred arena. These animal actors number 1200 and are trained to an amazing degree of proficiency. Such wild and domestic animals as lions, tigers, hyenas, camels, zebras and leopards, in fact every species of wild animal life to enact the roles of actors in little dramas of their own.

When the performance starts, one instantly recognizes a wide departure from the conventional, stereotyped routine which prevailed since the earliest days of tented entertainment, according to Thos. Francis Henev, representative of the show, who is in the city making final arrangements for the big show and the parade.

# FARMERMEETING ISSUES POOLING

Optional and Compulsory Advocates Present Arguments for Their Plan.

BY ASSOCIATED PRESS. CHICAGO, April 7.—The Farmers' Grain Marketing committee of seven went into today's national grain marketing conference here still standing for optional shipping of grain. The present issue made yesterday for compulsory pooling, members of the committee expected a fight and a close vote on the pooling issue.

The committee is about 13 to 4 for optional pooling. J. M. Anderson, St. Paul, said today.

The fight broke out immediately on reopening of the conference. While the committee which drew up the proposed system and called the conference stood by its guns for pooling at option of the farmer, delegates from various points made the convention that compulsory pooling was the only thing that would make the system a success.

## Optional and Compulsory Advocates Present Arguments for Their Plan.

The attack on optional pooling was made by P. W. Hirth, chairman of the Kansas organization committee of the Wheat Growers' Association of America, which stands for optional pooling, but is willing to compromise in 23 per cent of wheat supplies could not be accomplished without a pool.

The committee made its first answer through Hirth, member from Columbia, Mo.

"Compulsory pooling would mean absolute defeat of this proposition if it got started," he said. "Advocates of compulsory pooling want to get a better price for their grain. That is what we are all after. But lately we have had the greatest pool in the history of the United States. Exporting higher prices, the farmer has so thoroughly withheld his wheat that it only trickled into market. It was shut off as never before and yet he has not been able to get a decent price for his wheat."

Both sides of the pooling question were hopeful of victory when today's first session adjourned. Efforts to get an early hour for voting were defeated.

## Standard Oil Stock Bonus Plan Posted

Details of the Standard Oil plan for the sale of stock to its employees were announced today to the workers in the Eastbury from the offices in San Francisco.

The decision to make employees participants in the company earnings was reached at the last stockholders' meeting when the plan was voted and the par value of shares was reduced from \$100 to \$25.

The plan will require five years to work out. Employees who will be sanctioned withdrawal from their current pay a stipulated amount. The company will cover this sum at the rate of 50 cents on the dollar. The plan will require five years to work out. Employees who will be sanctioned withdrawal from their current pay a stipulated amount. The company will cover this sum at the rate of 50 cents on the dollar.

## SLANDER CLAIM FILED

Fifty thousand dollars damage for slander is demanded by Walter S. Halliwell in a suit filed against Attorney Edward R. Elissen and Walter G. Gray, regional speaking men for the Elissen Investment Company. The Superior Court today in which Halliwell charges that the two men had slandered him. Attorney J. G. Taylor represents the plaintiff.

Halliwell says that he was in the city of San Francisco on April 13, 1926, when he was told by Elissen and Gray that he was a "crook" and a "liar". Halliwell claims that this statement was made in the presence of a large number of people and that it was a deliberate attempt to ruin his reputation.

## BOUGHT FOR DOLLAR

"Did I notice it? I was in it! Say don't you know this is April 13—Dollar Day in Oakland. That reminds me. The Dollar that bought me mentioned something about buying a new carpet sweeper somewhere before."

"Yes, yes," panted the old carpet sweeper, "he was referring to me. Poor little fellow! But do you mean to tell me that you were bought for a Dollar. Why they paid \$5 for me."

"Yes, but that wasn't on Dollar Day. On Dollar Day the purchasing power of a Dollar is about five times as great as on other days."

## STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion

So-called stomach troubles, such as indigestion, gas, acidity, flatulence, and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

## Mrs. Elkington Dies At Hawaiian Islands

Word was received in the bay cities today of the death of Mrs. Margaret Elkington in a Honolulu hospital on Tuesday night. She was the wife of A. C. Elkington, president of the Philadelphia Quartz Company of Berkeley, and mother of Henry Elkington, both of whom are in the Hawaiian Islands.

## Honolulu Hotels Jammed, Says Barker

Henry Barker, proprietor of the Key Route Inn and former president of the Northern California Hotel Association, says that the hotels in Honolulu are jammed to the doors in Honolulu and prices charged are exorbitant, according to Barker, who says there are but two hotels in the islands which compare with the service given in Oakland and San Francisco, but at all of them double the rates are charged.

# San Francisco News

Wife, Who Attempts Rescue, Tells Coroner She Thinks Mate Was Slain.

SAN FRANCISCO, April 7.—The city engineer has made a latest request for funds for finishing the expansion along the Great Highway and for improving the Sutter Heights property. The request was made of Ralph McLaren, chairman of the finance committee of the board of supervisors. That such a request would be granted was announced by McLaren some months ago. The total budget estimate for the engineer's office for 1924-25 is \$730,000.

Today, Mrs. H. H. Hirth, who founded the Hirth Drug Company of San Francisco, died yesterday in her Boston home. He was 58. He was an easterner by birth, but came west in a practical education at the age of five. For a number of years he worked in Chicago and later established a big business in St. Louis. He had frequent visits to the city and was connected with his business in San Francisco.

## Failure of agreement between the Construction Company of North America and labor leaders yesterday seemed to dispel all hopes of settling the so-called Hitch-Hitchy strike which dates back to early 1920.

The conference was held in the city hall, supervised by Edward L. Wolfe, who presided at the meeting, declared that the construction company was not going to bring about an agreement and that the effort had failed.

Eight cigar stand owners were arrested yesterday in the war on guns and slot machines. The arrests were made at the instigation of Chief of Police Daniel O'Brien. Those arrested were: James Kelly, 160 Valencia street; Walter Evans, 2018 Sixteenth street; John Lashaw, 2018 Sixteenth street; Charles Schmitt, 703 Market street; Robert M. Litz, Drumm and Market streets; Chester Nestor, 1702 Haight street; Julius Cohen, 1501 Divisadero street. The men were charged with violation of the lottery laws.

## County to Raise Bees At Hospital

Alameda county is going into the bee business. The Board of Supervisors today authorized the expenditure of \$200 for the installation of an apiary at the county hospital at San Leandro on the recommendation of the Institutions Commission. The bees will be secured for the spring.

Dr. H. G. Broadfield, director of hospitals, stated it is proposed to give the patients honey occasionally in the place of butter and oil. It is believed the plan will mean an economy as well as providing a change for the inmates of the institution. He said one of the men at the institution is a beekeeper and that he will take charge of the industry.

## BEBE DANIELS SENT GIFT OF 'CELL LIBRARY'

LOS ANGELES, April 7.—Bebe Daniels, motion picture star, will be made under the five-year sentence to ten days in jail, who sentenced to 25 days in the county jail. Daniels owns a poultry market at 4248 Eighteenth street.

Charged with the delinquency of four boys whom he is said to have encouraged to steal poultry to sell to him, Daniels' lawyers are endeavoring to get the charges dropped. Daniels was arrested last night and is now in the county jail.

## TWINS BROUGHT BY STORK TO WOMAN ALONE

SAN FRANCISCO, April 7.—When the stork made a sudden descent upon the home of Mrs. Lazine Davis, 2219 Forty-fifth street, at 6 o'clock this morning, he found the woman's husband alone with her and a hurry call was sent for the Emergency hospital ambulance. By the time a steward reached the house, the newborn child had dropped in for the second time and twins were on hand for the ministrations. The mother and babies were rushed to the hospital. Soon after, however, one of the twins, a girl, died, but the other, a boy, and the mother are reported as doing nicely.

## Lawyer Convicted of Contempt Asks Mercy

Pleading that any large fine would be taking bread and butter from the mouths of his five little motherless children, Attorney J. J. Thompson, after being found guilty of contempt of court by Superior Judge A. F. St. Sure today, was granted until next Monday to introduce evidence to mitigate his punishment. Thompson can be fined \$500 and given five days in jail for his offense.

Judge St. Sure, after hearing out, denied the charges, but found that the attorney had been guilty of contempt in advising Edward Landi, his client, not to appear in court after Landi had been ordered to show cause in a divorce action.

## Wife Beats Spouse, Testimony in Trial

That Tessie Johnson summoned the police to her home to secure protection against a man and that the officers arrived in time to see Tessie administer a beating to her husband, Arthur, was the substance of testimony introduced in the divorce suit now being tried before Judge Quinn.

Johnson is suing her wife, alleging cruelty. He says that she called him a "dog" and that she frequently attacked him and beat him with her fists, pulling his hair and scratching him.

# RANCHER KILLED BY ELECTRICITY; FOUL PLAY CLUE

Wife, Who Attempts Rescue, Tells Coroner She Thinks Mate Was Slain.

SAN DIEGO, April 7.—Charged almost beyond recognition with the body of a man, Daniel Darnell, 23 miles from this city, was found today in a field by his wife. It was found in a field by his wife, which is strong along the road beside the ranch had passed through the rancher's body.

The body was found seven or eight pieces of galvanized wire. To one end of one of these pieces was attached a rock weighing about two pounds. The other end of this piece was twisted in such a way as to indicate it had been wrapped around Darnell's waist. Darnell's right hand was found near the body.

## HAMBURG STEAK PROVES DEFI TO STREET COMBAT

SAN FRANCISCO, April 7.—A comedy which might have resulted in tragedy occurred before the early morning pedestrians in the section of Pacific street known as the Barbary coast in the afternoon.

Violated days, resulted in two persons injured and a horse killed. Police Judge Daniel O'Brien today. They were William Poulos, restaurant proprietor, and George Chipp, mechanic. Chipp, asking for a hamburger, was told by Poulos that the meat was uncooked. He called Poulos' attention to it and when the latter was unresponsive is alleged to have produced it upon the safe man's countenance. Whereupon Poulos, the police say, seized a knife and rushed Chipp into the street. There was a convenient shooting gallery and Chipp walked off with a gun. Before there could be any shooting, the police arrived. Both were charged with assault. Judge O'Brien let them go on their promise to keep the peace in future.

# Favorable Action Forecast on Big Naval Base Site

(By Associated Press) SACRAMENTO, April 7.—The naval base controversy came up this morning at a meeting of the senate commerce and navigation committee. Senator Breed moved that Senator Crowley's bill ceding certain lands at Alameda to the United States government be reported out "as passed." Five votes were required, and four were cast for the bill. Breed asked to bring in additional members of the committee, but Senator Hume, chairman of the committee, adjourned the meeting on the ground that the senate was about to convene its morning session.

## GENERAL WOOD ON WAY TO SEATTLE

SAN FRANCISCO, April 7.—Major-General and Mrs. Leonard Wood left last night for Seattle, where they will sail for the Philippines, where Wood is going as a special envoy of President Harding to investigate conditions in the islands. General Wood will stop before coming to Manila. He is expected to be in the city in the morning. He is expected to be in the city in the morning.

## Malta Fever Case Believed in State

SACRAMENTO, April 7.—A case of suspected Malta fever, the first to be reported in California, is under investigation by the state board of health. The patient resides in Livermore.

Dr. Walter M. Dickie, secretary of the board, will leave tomorrow for the south to press the investigation. The disease is spread chiefly through goats' milk and has never appeared in the United States outside of Texas. It is common in the vicinity of the Mediterranean, in India, Africa and China.

## Motor Bandits Rob Richmond Man, Get Away

RICHMOND, April 7.—Two bandits believed to have been traveling by motorcycle, last night held up Salvador Danna, grocer, in his store at 411 Ohio avenue, and robbed him of \$110 in money and escaped. The police had found no trace of the bandits today.

The two men entered the store just before Danna was ready to close. He sought to protect himself with a revolver, but the gun was taken away from him, and he was robbed of his money. The bandits then turned on the lights and told Danna to remain in the store for ten minutes. Danna notified the police of the robbery a few minutes after the bandits left, and a detail of police immediately started a search, but trace of the robbers could not be found.

## LAMEDA GIVES WARNING THAT THE ALTERNATIVE PROPOSAL WILL BRING COUNTY DIVISION.

Those who have taken an interest, even as an observer, in the present agitation for a so-called consolidated city and county government for Alameda county, should give special attention to the action of the municipal council of the city of Alameda. That body yesterday went on record unanimously as being opposed to the submission of the alternative proposition.

Inasmuch as the vote of the council was unanimous, and in view of the fact that three of the members have just been re-elected to office, thus coming "fresh from the people," as it is customary to say, this is another indication which should not be disregarded that Alameda will vote against the alternative proposition. This increases the certainty of county division as a result of the present agitation, should the freeholders decide to submit the alternative proposition.

It is well at this time to call the attention of the freeholders' committee and others to the fact that outside of Oakland not a single municipal unit or county district has gone on record with an expression, which can by any stretch of the imagination be considered official or representative, in favor of the consolidation idea. On the contrary every municipality outside of Oakland has expressed opposition to the movement. Their contribution to the discussion has been apprehension, disapproval and condemnation of the whole scheme, but particularly of the plot of county division that is masquerading as the alternative proposal.

The freeholders cannot disregard this condition of the public mind of Alameda county and at the same time be true to the public interest. There is not a chance under the sun of Alameda and Berkeley joining, under the alternative proposition, with Oakland in forming a new county and city government.

It would be dangerous and treasonable to the better interest of this great Eastbay district to proceed under a different supposition.

At the present there is underway the thoroughly sound and potentially helpful plan to raise an exploitation fund and to effect an organization to promote the Eastbay district as a whole, to foster the spirit and the condition of unity and cooperation, to exemplify the spirit of "get together" for the common good and the common advancement. But in the face of this laudable effort there stands the incongruous and venal plot of county division. There stand the self-seeking agitators who promote the danger of county division for the petty, imaginary advantage that is believed to come from agitation. Never was there a more contemptible example of running at cross purposes and of division of civic effort.

Citizens, the county must not be divided. The freeholders' committee must not lend itself to the plotters of division; it is the committee's duty to remove the danger and allay the public fear of great and irreparable harm. Study this question. Ponder it well, and when the hour comes to rebuke the enemies of Eastbay unity be prepared to act intelligently and out of independent judgment.

## PEONAGE AND MURDER.

The State of Georgia has another scandal in social conditions. A farm owner who enforced the peonage system over negro workers on his farm learned of a federal investigation of his system and, apparently hoping to escape detection, he killed or had hiredlings kill eleven of his black slaves. It is a fiendish, gruesome story and nothing is to be gained by reciting the details. The farm owner is now on trial for his life, and should the court and jury be free from intimidation he probably will hang, as he should.

But will the practice of peonage continue after this trial and its revolting disclosures? It shames and disgraces American civilization. The government and citizens of Georgia are to blame. The governments and citizens of other Southern States are to blame. The federal government is

to blame. Will all be awakened to a sense of decency and duty?

The South is peopled by a large number of white persons who think it is nothing serious to hit a negro over the head with an axe or drown him in a river. That is bad enough, but the condition which these murders at Covington, Georgia, has exposed, the condition of slavery in a nation legally free, is a national crime. These poor dead negroes are martyrs to outlaw peonage. Will the federal government see to it that they have not suffered death vainly?

## DOOR AGAIN DECLARED OPEN.

"I am happy to advise you that the principle of this co-operative effort for the assistance of China has the approval of this government, which is hopeful that the consortium constituted for this purpose will be effective in assisting the Chinese people in their efforts toward a greater unity and stability, and in affording the individual enterprises of all nationalities equality of commercial and industrial opportunity and a wider field of activity in the economic development of China."

The above is an extract from a letter from Hon. Charles E. Hughes, Secretary of State, dated March 22, to the representative of the American syndicate of bankers participating in the international consortium for extending financial assistance to China. The italicization of the last clause is by THE TRIBUNE.

This clause, in view of the history of the formation of the Chinese consortium and the texts of diplomatic notes exchanged between the United States, Great Britain, France and Japan, constitutes a positive reassertion of the "open door" policy in China promulgated by the late John Hay. It marks the complete restoration of the American policy in the Far East which was in effect when Mr. Wilson and Mr. Bryan took charge of the nation's foreign affairs and scuttled all foreign policy contemplating government support and friendliness for American business and financial enterprises in foreign fields.

It is a happy circumstance, to which THE TRIBUNE previously has called attention, that before his retirement President Wilson had seen the error of his earlier action and had, with positive warmth, approved the plan of the Chinese consortium as a means of restoring the opportunity for equality of American participation in the China trade, industrial and financial field. Mr. Wilson had already started back to Hay, McKinley, Roosevelt and Taft policies.

Thus Mr. Hughes' declaration represents not only the Republican doctrine and policy regarding foreign effort, but the judgment of the American people which had been forced upon the Wilson administration.

## THE CASE OF PANAMA.

President Porras of Panama, in his special message to the Panamanian congress a few days ago, placed his own interpretation, and apparently the correct one, on the note from Secretary of State Hughes regarding the controversy between that country and Costa Rica over the Cota district. President Porras warned the Panamanian Congress that the failure to accept the award of Chief Justice White of the United States Supreme Court might lead to serious consequences for Panama, one of which probably would be the withdrawal of the friendly offices of the American State Department in causing a suspension of the recent armed conflict with Costa Rica.

The President of Panama has taken the correct view of the situation. Should the United States abstain from giving aid or interfering in any way with the quarrel, Costa Rica would be able to secure arms and munitions, and probably active military assistance from other Central American States, while Panama would have to proceed without outside aid of any kind. The result would almost certainly be disastrous for Panama.

Perhaps citizens should not dismiss this subject from their minds as lightly as often is their habit. Panama is a small country. So is Costa Rica and the spectacle of a war between these countries is apt to be imagined as a comic opera affair. But small countries have a national spirit and pride of honor just the same as have large nations. Mr. Hughes' note to Panama containing a peremptory demand that the White award be accepted was rather abrupt and severe. Possibly the same language would have been employed in addressing a large country, and perhaps not.

Panama is an independent nation. She is jealous of her sovereignty and naturally resents any infringement upon her territory. It is in the interest of the United States that this independent status be preserved inviolate, for in that rests the integrity of our claims to the perpetual lease of the Canal Zone. Panama is the protégé of this country. We should sympathize with her in her troubles and insist that fair play and justice be as strongly emphasized in dealing with her as in dealing with other nations.

It is a gracious honor that Japan pays former Premier Venizelos of Greece on the eve of his visit to that country—proposing him as mediator to settle the disputes between Japan and the United States. But with all due respect for the distinguished Greek statesman, there is no plausible reason why American interests should be submitted to his care or to the care of any other European at this particular time.

The mountain-climbing expedition of H. C. L. seems to be over, and the old tyrant is returning to the foothills.

## NOTES and COMMENT

The spectacle of a justice of the peace fining an Associate Justice of the Supreme Court is unusual, to say the least. It happened at Santa Ana, when Justice Swayne pleaded guilty to violating a traffic ordinance and was set back by Justice of the Peace Cox in the sum of three dollars. It was an exemplification of the wheeze, "Justice is mighty and will prevail."

An interesting bit of news is that which recites that while Senators were absent at the baseball game Tuesday, Senator Crowley's bill, which would repeal compulsory vaccination, was passed by that body. Guarding against smallpox is important, but it is a great deal to expect Senators to stick around for that purpose when the first game of the season is scheduled.

Another instance of a definite estimate being made where obviously there is no basis from which to estimate is that which places the damage to raisin grapes from the recent cold snap at ten millions. It is, of course, impossible for anybody, especially at this time, to approximate the damage that has resulted. Even after the crop shall have been gathered it couldn't be definitely known, but it is safe to hope that the estimate is too high.

The superintendent of the San Francisco schools comes forth with a deprecation of the appointive plan for superintendents of schools. At the last election an amendment to the San Francisco charter made his office appointive. While there may be room for an argument it would have to be dissociated with any particular instance to be of value.

Constantine got back on the throne just in time to suffer a crushing defeat from the Turks. When he re-ascended the unstable perch it looked much as though it would be the other way around; but you never can tell about Turks. Turkey has been the "sick man" of Europe time out of mind, but the ailing party is still able to be around, as must be concluded from this.

It sounds queer that the Prince of Monaco is coming to the United States to receive the Alexander Agassiz medal, "the highest recognition of the National Academy of Sciences," for his scientific researches. In the popular mind Monaco has not been associated with scientific researches; though some who have been there have a sort of regard for the way, scientific or otherwise, in which things are done.

Despatches from Madrid convey the news that two kingly crowns have disappeared. It is a bad era for crowns, and there have been instances where the heads that wore them have also disappeared. The crown as a symbol has certainly lost vogue in these most recent years.

The proposition to divide California has bobbed up again, but it does not seem to have bobbed with any great force. An Assemblyman from Imperial county is the father of it, but the State administration is not likely to let it get very far. The State administration, having such a considerable anchor in the South, can be relied on to let well enough alone.

How this here new idea in grammar will work, in the opinion of the San Bernardino Sun: "School children in Chicago may say 'I done it' under the new ruling in English, but most children elsewhere will be saying, 'He done it.'"

Temperance item from the Red Bluff News: "The capture of nine rattlesnakes near Tehama indicates an early summer and recalls the good old days when snakes were mighty common around Tehama."

The Woodland Mail is still feeling the same way: "The sober second thought of fair-minded Americans is beginning to assert itself with the result that Mr. Wilson is a bigger man today than he was on the first day of March."

## SPIRIT OF THE STATE PRESS.

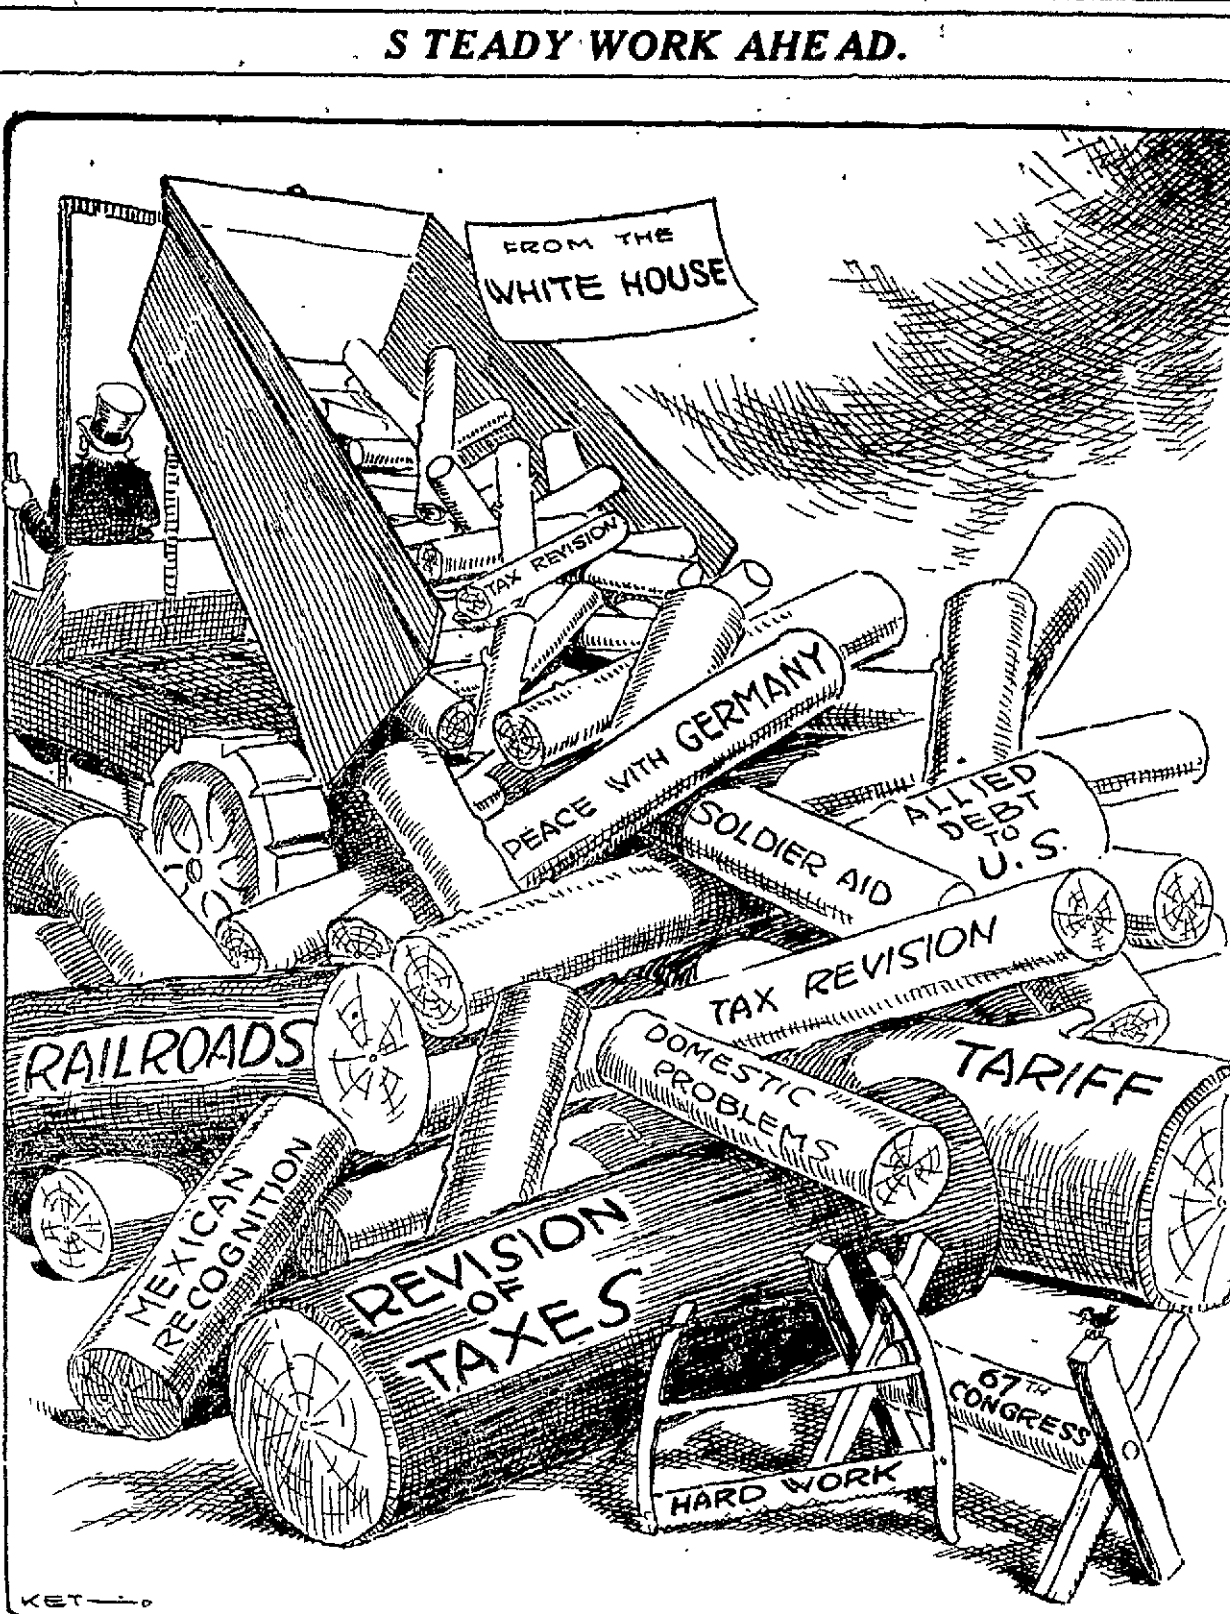

Rev. J. J. Barrett of the Ascension church left here today to take charge of St. John's church in Oakland. The pastor will leave his family here until after school closes, when they will also move to the lower bay city.—Vallejo News.

An Alameda housewife left the front door key under a mat for her daughter to find when she returned from school. But a burglar got there first and found it just as easily as the daughter could have done. Which calls attention to a very foolish habit indulged in by many women everywhere. A burglar can find a key anywhere it may be hidden outside the house, but it is like looking for his head if he puts it under a doormat.—Stockton Record.

The carrying of letters used to be a private monopoly. In the early stage-coach days, rates were dependent upon distance, and it cost as high as 25 cents to send a letter from New York to Philadelphia. Now a letter will be carried from New York to the Philippines for two cents. This evolution of the postoffice has been a far-reaching influence in the development of business. It has played its part in every phase of modern life.—San Francisco Journal.

William Tyler Pace, clerk of the House of Representatives, is arranging a sort of night school to train new Congressmen in the procedure in the House. That seems almost wasted effort, since it is widely known that new Congressmen are not permitted to much more than sit quietly and listen to their elders.—Palo Alto Times.

An Illinois principal who recently lost five teachers through "cupidity" advertised for "five teachers who are love-proof." "Professors the art of love such a name."—Hanford Sentinel.

## WHAT IS DOING TO NIGHT

Ax Raily, Greek theater, U. C. - Pythians hold banquet.  
Annette Young gives recital, Auditorium.  
Community Players meet, Y. W. C. A.  
Berkeley Musical Association concert, Harmon Gymnasium, U. C.  
MacArthur—Canary Cottage.  
Orpheum—Yandeville.  
Fulton—The Little Shepherd of Kingdom Come.  
Pantages—Last Night.

## BRAZILIAN NOTES

South American connections are the Joneses, father and son. Recently Jones Jr., who had just returned from Brazil, was relating some rather tall stories of life down there, when he asked:  
"Now, during that awful heat, what do you suppose it was, aside from the temperature, that made it impossible for us to take our dinner after siesta?"  
"Why, what?" asked the guillible sister.  
"The peculiar noises," continued Jones Jr. "You see, the coffee was popping on the trees. The sun was so hot the grains just roasted before they were picked."  
Whereupon dad yawned.  
"Rather warm down there," he admitted. "But when I was in Brazil you couldn't sleep at night. Every once in a while there would sound the most extraordinary cracking noise that ever fell upon human ear."  
"What were the sounds, dad?" asked Jones Jr. with a grin.  
"The rubber trees stretching themselves," answered dad.—Los Angeles Times.

## About YOUR HEALTH

How You May Avoid Hardening of the Arteries

By ROYAL S. COPELAND, M. D., Commissioner of Health, New York City.

Normally the walls of the blood vessels are soft and elastic. When you place your fingers on the pulse at the wrist, the normal artery is yielding to the touch. It feels not unlike a piece of soft tubing.

In disease the vessel walls become hardened, stiff and unyielding. Under the fingers they feel like whipcord.

The change is not unlike the effect of time upon a plumbing system. The pipes become encrusted and their channels reduced in size.

Deposits occur on the lining membranes of the blood-vessels and gradually the changes described take place. Thus develops arterio-sclerosis.

These changes in the arteries interfere with the circulation of the blood. This in turn affects the heart and ultimately, by confining the blood within lessened capacity for it, increase of blood pressure takes place.

With the hardening of the blood-vessel walls, naturally there comes greater brittleness and greater possibility of breaking. Add to the weakening of the containers, great pressure of the contents, and it will be seen at once there is imminent danger of breaks in the wall and escape of the blood into the surrounding tissues.

In arterio-sclerosis this is what happens: so hemorrhages into the retina of the eye or into the brain substance take place.

Besides advanced age, there are a lot of diseases which cause arterio-sclerosis. It is generally assumed that systematic indulgence in alcohol have been a fruitful cause. If this is true the Volstead act should bear good results, but there many other causes that no great change may be noted after all.

Bright's disease and arterio-sclerosis seem to be Siamese twins. One is rare without the other, or at least high blood pressure and Bright's disease are boon companions.

Lead poisoning, diabetes, gout, rheumatism, malaria and syphilis are other causes.

Overwork, worry and excesses of every sort may be important factors. Chronic constipation has its effect.

Arterio-sclerosis and high blood pressure are responsible for headaches, dizziness, pain in the heart and many obscure nervous disorders. The severe heart attacks known as "angina pectoris" are frequently due to this condition.

If there is hemorrhage or effusion into the brain there will be various forms of paralysis, slight or severe, according to the degree of bleeding. There may be inability to speak, or difficulty in moving the limbs. These symptoms may disappear in a few hours, or may go on to serious paralysis.

When you know there are so many diseases the result of rapid or improper living, it should give warning against the excesses so fatal to future happiness. Overwork, over worry, overeating—these are the evils we should escape. Temperance in all things should govern our actions.

# ANGELS AND SEALS ARE NOW LEADING THE COAST LEAGUE

## OAKLAND PLAYERS WILL BE IN POOR CONDITION WHEN THEY RETURN FROM SALT LAKE

### LOCAL OWNERS HAVE KICK COMING AGAINST THE SCHEDULE MAKERS

Plan to Have Oaks Open Here Thwarted by Other Owners, Who Are Getting Money

By EDDIE MURPHY

Now that a second game scheduled between the Oakland and Salt Lake clubs at the latter town has been postponed, and there is a chance of more postponements between now and next Sunday when the Oaks return here to meet the Seals in a series, the directors of the Pacific Coast League when they adopt the 1922 schedule will not be so insistent in having an opening series played at Salt Lake. Honnis Mitze, foreman of the Oakland club, and Herbie McFarlin had a fine little schedule mapped out for this season that didn't call for an opening series at Salt Lake, but their scheme was passed up in favor of the schedule which the league has now started on. Charley Graham and Doc Strub of the San Francisco club, Eddie Maier and Bill Essick of Vernon and a few others who were against the schedule of Mitze and McFarlin, are setting pretty because their clubs got started off right, but up around Salt Lake, Del Howard and all his athletes, and the owners of the Salt Lake club are kicking hard.

The idea of McFarlin and Mitze was to have the Oaks meet some club in seven games on the local lot during the opening week, while the Seals would also have a seven-game series on the other side of the bay. But Essick of Vernon and others thought that it was a seven-game experiment to try, and the scheme was thrown out in favor of the present schedule. Now the Oakland and Salt Lake clubs have lost a wad of money trying to stage the series at Salt Lake. The Oakland loss is not the only trouble, but the fact that the Seals and Oaks have gone along now for four days without a game is something to worry over. The Oaks were in great shape when they left here last Sunday night, and Gavey Cravath's Bees also looked good when they started from Boyes Springs, but the chances are that a lot of stiff joints will be on the field when the clubs tangle in their first game. Had the scheme of McFarlin and Mitze been adopted, the games for the closing week of the season would also be played on the Oakland, San Francisco, Sacramento and Los Angeles lots. Maybe what has happened to the Oaks and Bees this week will prevent games from being scheduled at Salt Lake, Portland or Seattle during the opening week in future years.

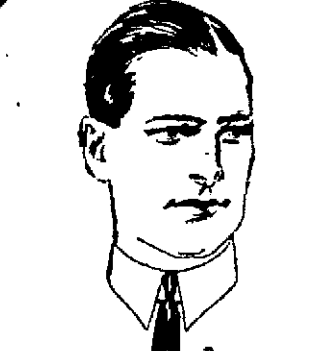

Many believed that the loss of the Oakland and Bee owners wouldn't be severe, because the entire gate receipts of the circuit for the opening week were pooled, but President William McCarthy said yesterday that this is not the case. It certainly would be tough on the Oakland owners if their club couldn't get in more than a couple of games this week. The Oaks or Bees cannot be expected to play their best ball for some time.

### Home Runs Cause Second Defeat of the Beavers.

The Seals tacked another defeat on the Portland Beavers. This time they did it without much trouble, as big Jim Scott was in mid-season form and allowed the enemy but five hits. The score was 5 to 1. Buty Kallio, who started for the Beavers, was also in good trim, but he was unfortunate in having Bert Ellison and Jimmy Caveney of the Seals smash a couple of home runs into the left field bleachers for homers. Kallio's walk, his first of the season, was the fourth of the second and a double by Jimmy Caveney gave the Seals one in the first. The ball which Caveney hit bounced off Butler's shine into left field. In the second the Beavers filled the bags with noise when Cox drew a walk and Butler and Baker singled. But Young, playing short in place of Kingston, who has a sore wrist, hit to Caveney and a double play was recorded, but Cox got across the plate to tie the score. The tenth blow was dealt the Beavers in the third when Kallio walked Caveney, who singled. O'Connell popped out and then Bert Ellison caught hold of a fat one and drove the ball against the back fence of the left field. It was a mighty smash and one that may not be duplicated this season. Caveney made his smash into the bleachers in the fourth for the Seals' last run. Kallio settled down in the next two innings and was relieved of his job when Phil Nofziger pitched the final inning and retired the Seals in order.

### Grapplers to Compete for National Titles in the South Tonight

LOS ANGELES, April 7.—With the exception of two or three from the Atlantic coast all of the more than seventy entrants in the annual A. U. national wrestling championship contests were here today and ready for the opening bouts tonight at the Los Angeles A. C. Charles Johnson, New England's 156-pound entry, and George Butler Jr., 445 pounds, representing Massachusetts Institute of Technology, were among the easterners still to report. They were expected before tonight. The matches will be concluded tomorrow night.

### Baseball Gossip

Vernon got even with Sacramento for defeat on the opening day but otherwise the Seals were no new faces. The victors' column today as a result of the second day's play in the first leg of the season.

Salt Lake and Oakland spent another day snowballing but had hopes of getting started today.

Nine runs against none won for the Vernon Tigers, playing Sacramento at the state capital, Southern California legislators helped root the Yankees to victory. Slim Love, pitching for Vernon, let the Solons down with three hits. Vernon got 17.

Los Angeles took Seattle into camp, four to two. Nine timely hits did the work.

Bert Ellison made the star catch of the Portland-Seal game when he dashed in behind Caveney and hooked Bour's short fly with his gloved hand.

Bert takes a mean cut at the ball. His homer was one of the hardest smashes witnessed at Recreation Park. He also got a single and Wolfer robbed him of two other hits by getting in front of his line drives.

Managers Graham of the Seals and McCredie of the Beavers, will have to find some way of keeping their players informed of how many men are out during the progress of the games, unless they can remember better than they did on two occasions yesterday. In the second inning after the Seals' infield turned in a double play while the bays were jammed, Jim Scott and Jimmy Caveney started to leave the field, thinking that three were out. But the beaver third-sacker, thought of some thing in the game inning after Scott had forced Ellison at third, and he tossed the ball into the pitching box, and Kamm sneaked up to third.

Chief Dan O'Brien of the San Francisco Bees force is trying to have an ordinance drawn up that will prevent aviators from flying their machines over the heads of crowds such as was done by an aviator at Tuesday's game.

Will Kamm got another long drive to his credit yesterday and also played a whole of a game around third. In the second inning he hit a ball to right-center on a line drive. It got him two bases, but on the Oakland field it would have been good for at least three.

### FATHER MURPHY EXPLAINS ATHLETIC SITUATION AT S. C.

UNIVERSITY SANTA CLARA, April 7.—A statement explaining the dropping of intercollegiate athletics competition by the University of Santa Clara this year was issued last night by Father Murphy, president of the University, as follows:

"So much has been written and spoken during the last few days regarding the athletic position of the University of Santa Clara that I deem it necessary to give the real state of the question.

"For months past I have been watching the trend of students generally. The thought would not dawn on me that because of athletics, the social life, a craving for excitement and novelty, the real class work of our schools is seriously menaced.

"Intercollegiate athletics have reached a point of undue prominence. They are at best only of secondary importance. Hence, their immediate demand for time and attention must be denied. I reached my final decision on the 19th of last February. The news began to spread on the second of this month.

"There is no campus mystery to be cleared up. This is not a case of the University officials refusing to play the reason for the move. I have not been asked the reason. I am giving it now in justice to myself and the public.

"This action is not the result of dissatisfaction with the work of the teams. Neither is it because many of the star athletes have left the school.

### RAINIERS HELD TO FIVE HITS BY LYONS

LOS ANGELES, April 7.—Once again the Seattle Rainiers failed to demonstrate their hitting strength by allowing Lyons, a new Angel pitcher, to hold them to five hits. The Angels gathered nine hits of the pitching of Gardner and Lyons, so far across a 4-2-2 victory, the second straight over the Rainiers. The Angels clinched the game in the third inning by scoring 3 runs on a double by Carroll, and smashes by George Cravath and Dan McGaffigan were mild and worked over by the Rainiers.

Those along with the other underdogs were told the day they figured out here that failure in class work would be their presence in the school. They have gone out from us.

### Pacific Coast League Standing of Clubs

Clubs	Won	Lost	Pct.
San Francisco	2	0	1.000
Los Angeles	2	0	1.000
Sacramento	1	1	.500
Vernon	1	1	.500
Seattle	0	2	.000
Oakland	0	2	.000
Salt Lake	0	2	.000

YESTERDAY'S RESULTS.  
San Francisco 2, Portland 0.  
Los Angeles 2, Seattle 0.  
Vernon 0, Sacramento 0.  
Salt Lake-Oakland game postponed.

HOW THE SERIES STAND.  
San Francisco 2, Portland 0.  
Los Angeles 2, Seattle 0.  
Vernon 1, Sacramento 0.  
Salt Lake 0, Oakland 0.

### 'SLIM' LOVE LETS COYOTES HAVE BUT 3 HITS

SACRAMENTO, April 7.—Burtus Love, a new Vernon pitcher, held the Seals to three hits in the first game of the season, and won a 4-2-2 victory, the second straight over the Rainiers. The Angels clinched the game in the third inning by scoring 3 runs on a double by Carroll, and smashes by George Cravath and Dan McGaffigan were mild and worked over by the Rainiers.

Those along with the other underdogs were told the day they figured out here that failure in class work would be their presence in the school. They have gone out from us.

OAKLAND IN LINES.  
Oakland's first game of the season was postponed to tomorrow afternoon by a rain.

COUNTY HOSPITAL  
IS LISTED AMONG  
BEST IN COUNTRYInstitution Appears On Roster  
of 100 Leaders Compiled  
by Surgeons' College.

Alameda County hospital, with five other institutions in the state, is named in the current bulletin of the American College of Surgeons in a list of hospitals of 100 or more beds in the United States meeting the minimum requirements of a first-class institution. According to the State Board of Charities and Corrections, the California plan of county departments of public welfare has received wide comment in many eastern publications and is being adopted in some of the Middle West and Southern States. San Francisco County hospital is included in the list of the American College of Surgeons.

The standard cover clinical laboratory facilities, accurate and complete case records, review and analysis of clinical experience of the staff, regular staff meetings and other regulations.

The following letter has been received from the State Board of Charities and Corrections by the Alameda County Board of Supervisors:

"In the last bulletin of the American College of Surgeons, acting in co-operation with the Carnegie Foundation, appeared a list of the hospitals in the United States of 100 or more beds that have been approved by them as meeting the minimum standards of a first-class hospital."

"These standards cover clinical laboratory facilities, accurate and complete case records, review and analysis of clinical experience of the staff, staff meetings at regular intervals, etc. Included in this list is the Alameda County hospital."

As the State Board of Charities and Corrections exercises supervision over county hospitals, we have noted with much pleasure the marked changes that have taken place in Alameda county and desire to congratulate the board of supervisors upon the accomplishment of improvements that have brought to their hospital national recognition and the assurance of adequate care of its patients which this recognition implies."

George W. Butler Is  
Wanted By Brother

From his cot in ward number five, Hartford general hospital, Hartford, Conn., Charles Butler, a seriously injured patient, is sending out a call for his brother, George W. Butler, who last was heard from in Oakland. Charles Butler is convalescing at the hospital from two fractured shoulders and a fractured skull. He wants the assistance of his brother George, in instituting suit against those who, he says, were responsible for his injuries.

According to Charles, George formerly lived at Ninth and Washington streets, was a member of a San Francisco business club, transacted realty deals and also acted as a rent collector. The last time the brother's met was in 1917.

\$150,000 to Be Used to  
Advertise Eastbay Cities

With the appointment of a finance committee representative of the leading business and civic workers of Alameda county, the Alameda county advertising committee, which will have charge of the campaign to advertise the Greater Eastbay district to the world, started its work at its first meeting held yesterday afternoon in the directors' room of the Chamber of Commerce headquarters.

The committee was appointed at a meeting held the evening of March 30, representative of the business and commercial organizations of all of the county. Those present at yesterday's meeting were J. J. Downey, chairman of the committee; Eugene Bowles, secretary of the committee; A. S. Vetter, banker of San Leandro; T. W. Norris, manufacturer of Livermore; A. W. Beam, president of the Hayward Chamber of Commerce; D. K. Taylor of Alameda; Charles L. Hays, manager of the Berkeley Chamber of Commerce, representing F. H. Thatcher, president of that organization, and Louis Aber, Oakland hotelman.

**\$50,000 IS WANTED**  
Way means for raising the projected fund of \$50,000 a year for three years was discussed and tentative plans presented whereby appropriations from the county and from the several cities represented would be secured as the nucleus of the fund, the balance of which would be made up by popular subscription.

A finance committee was appointed to handle the funding of the campaign, as follows: C. L. Crellin, Pleasanton; W. T. Knightly, Hayward; Al Latham and C. E. Strom of Alameda; J. E. Faustina, San Leandro; F. H. Thatcher, Frank Roy Long and Hall Butler, Berkeley; Judge Everett J. Brown, M. J. Kelly, Bruce Maiden, H. G. Williams and George Meredith, Oakland.

The general committee which met yesterday has arranged to meet again next Wednesday, when the members will present tentative plans for the campaign to advertise the county and when members of the finance committee will be present to discuss the plans for the campaign with the general committee in preparation for the campaign for funds.

**NEED OF ADVERTISING**  
A short discussion on the advertising needs of the Eastbay communities brought out that the emphasis shall be placed on the development of this side of the bay as a stopping point for California's winter tourists, on the beautiful sites offered here for the middle-class country home, the exploitation of the industrial growth and future possibilities of this district as a result of the coming here of the Pacific naval base and the further expansion of the waterfront facilities and development of the Eastbay waterfront as a shipping point for the entire Central California district.

Bowles, Keeler and Beam, the three active members of Commerce workers at yesterday's meeting emphasized the present crying need for descriptive literature concerning the county and the various Eastbay cities to be sent to persons who are now writing to the several chambers of commerce for information concerning the district.

**BERKELEY HAS LITTLE OR NOTHING**  
Berkeley has little or nothing in this line, Keeler reported. Hayward has practically nothing and the stocks of descriptive literature now being sent out by the Oakland Cham-

ber of Commerce are fast being depleted by the three hundred and fifty inquiries a month which pour into their office.

Local advertising to familiarize all of the Eastbay residents with the attractions of Alameda county; state advertising to focus the attention of other cities of the state on these cities as shipping, tourist and convention centers, and national advertising to bring the county to the attention of the Eastern tourist and the industrial leader and shipper are phases of the pending campaign which were discussed.

**TO OUTLINE PLANS**  
Appointment of special publicity committees to discuss and outline plans for the advertising campaign from the advertising specialists and newspaper writers of the district is scheduled to be made at the meeting of the executive committee called for next Wednesday.

The advertising committee moved that recommendations be sent to the commercial and civic organizations of the county suggesting endorsement of Mayor John L. Davies's campaign to secure a \$1,000,000 armory and county products exposition building for Oakland.

The descriptive folder written to attract tourist travel to this district and issued cooperatively by the hotel men of Berkeley and Oakland, together with the county supervision will be off the press next week, it was announced by Louis Aber. An initial edition of 75,000 of these folders is being issued for distribution throughout the county.

POLICE SHOTS  
FAIL TO STOP  
NIGHT SPEEDER

Patrolmen J. Pray and E. J. Murphy reported at headquarters today that they fired several shots shortly after midnight at an automobile that had barely missed running them down while speeding west along East Fourteenth street. Their beat is between Twenty-fourth and East Fourteenth streets.

When they saw the car coming along East Fourteenth street in excess of the speed limit, they held up their hands and ordered the driver to stop. The driver, a grayer headed stranger for them, yelling for them to get out of the way. They jumped to one side and opened fire on the machine as it sped into the darkness. None of the shots took effect.

Ulster Men to Hold  
Irish Fair Sunday

Customs and pastimes of Ireland's crossroads fairs will be revived at the "North of Ireland Festival," which will be given in Shellmound Park beginning at 2 p. m. next Sunday under the auspices of the Ulster Men's association of California.

Gaelic dancing contests, American and Irish sports, and public dancing in the pavilion are announced. The proceeds will be appropriated to the Irish relief campaign fund to assist in financing the relief work of the Quakers in Ireland.

Stanford Club to  
Plan Scholarship

The Eastbay Stanford club will hold a meeting on the night of April 14 at a downtown cafe, where a committee will report on the methods for financing an Eastbay scholarship fund, which will send some deserving young high school graduate of Stanford. It is planned to select a good student and a "good fellow" every year for this Eastbay scholarship. A special guest at the dinner will be "Dink" Templeton, famed Stanford athlete.

FOSTER PARENTS  
PARADE CHARGES  
AT BABY CLINICMany Children Are Examined  
and Evidence of Good Care  
Is Given.

Foster mothers who have taken to their hearts the nites of humanity who are the charges of the Oakland Associated Charities, journeyed to the Baby Hospital yesterday.

neyed to the Baby hospital yesterday to attend the first of the Associated Charities Baby-clinics. Baby's health is to be of paramount importance. Once each month the substitute parents will be invited to gather in the Dover street institution where nurses, physicians and baby experts will examine the youngsters who are under school age. Miss Bertha Wright is directing the clinical work.

Approximately 170 children under 9 years old are the charges of the Oakland Associated Charities. Sixty-eight foster mothers are registered with them. These ladies and lassies are for the most part "unwanted" children—those whose parents are separated, those who have been sent to the orphanage and have been adopted by the world's wanderers and welcomed. Mothers of some have died and fathers have had a struggle in looking out after their welfare.

All are wards of the court. For their care \$17.50 a month is allowed from the public funds to compensate the woman of the big heart who takes a child to love and cherish. The Masonic order, through a gift of \$5000, is providing in addition sufficient daily milk for their nourishment. The Associated Charities must look out for the clothes, the comforts, the health, the simple pleasures and necessities of the fragile little army. The Baby hospital clinic established yesterday guarantees the health.

No real mother had greater pride in her offspring than these foster parents who brought their charges, sweet and clean and neatly clothed, with bows on hair or neckties carefully tied. Perhaps the youngest visitor was less than a month old. The oldest child confessed to a few months beyond 8. More than 60 were examined between the hours of 2 and 4 p. m. Executives of the Associated Charities assisted the clinic officials.

While the foster mothers awaited their turn with the nurses and doctors, they compared notes and boasted the wonders of their particular charges. Ten were served them in Mrs. Ruth Lanz, executive secretary of the Associated Charities.

yesterday.TWO BURGLARY  
SUSPECTS HELD

Following their transfer here from San Francisco last night, two burglary suspects are held in the city prison and police believe that with their arrest they have cleared up the mystery surrounding almost a score of the burglaries which have been committed here within a few weeks.

Robert Fredrickson and Charles Kinnear, the two men held, were arrested in San Francisco yesterday morning and returned to Oakland. Some of the jobs of which they are suspected are:

The home of George Bangle, 796 Excelsior boulevard, entered on the night of April 2 and jewelry taken; H. H. Rotmund, 4175 Howe street, April 2; jewelry and clothing; Police Sergeant A. B. Smith, 629 East Sixteenth street; a number of other robberies and holdups.

MOTHER OF DR.  
LANZ IS GIVEN  
\$100 A MONTHConflict Develops in Will  
Contest Over Providing for  
Aged Woman.

Denial of the charge that Mrs. Ruth Lanz refuses to sign a stipulation agreeing to set aside a certain sum monthly for the care of the aged and incompetent mother of the late Dr. Paul Lanz, whose \$100,000 estate has been subject to a battle for weeks before Superior Judge E. C. Robinson, was made today by Attorneys Johnson and Shaw, representing the widow.

The attorney's declaration followed the announcement by Judge Robinson that this afternoon he would make an allowance for the mother pending the settlement of the will contest, adding that the testimony clearly showed that Mrs. Amelia Lanz, the mother, was entirely dependent on her son for support and that while of course he had no jurisdiction over the present case, he decided, the Supreme Court has given him power to make such allowance pending settlement of probate proceedings.

The court's announcement in turn followed the attempt of Attorney W. H. Clay, representing Mrs. Leah Templeton, office nurse to whom Dr. Lanz willed his entire fortune, to introduce evidence showing whether or not Mrs. Amelia Lanz had received money from the estate for her care since her son's death. Judge Robinson refused to admit such testimony, saying it had no bearing on the will contest. Clay presented a paper which he said was a stipulation providing that \$100 a month should be set aside permanently from the estate for the mother's care. He said Mrs. Templeton had signed it and attempted to say that Mrs. Ruth Lanz had refused to do so, but Judge Robinson cut him off, saying such evidence was not admissible.

School Board May  
Bar Talking Lobbies

Discussions concerning the Bay school, school candy and possibly school sanitation are expected to be continued tonight at the monthly meeting of the Board of Education, which is held in addition to the weekly meetings. At Monday night's meeting the Bay school question was set aside by a tie vote, leaving it where it was before.

It is rumored in education circles that steps will be taken hereafter to prevent "lobbies" of citizens from entered into heated debates, dialogues and personalities with members of the board of education during board sessions. The opinions of citizens will be welcomed, it is asserted, but within the limits of parliamentary rules.

Food which the hen eats affects the color of the egg yolk.

Pioneers of  
Oakland to  
Hold Rally

THE Oakland Pioneers will hold a monthly meeting tomorrow evening at their new headquarters in the Merchants' Exchange. The limit for membership having been amended so as to admit all men who settled here up to the year 1875, the society is now adding largely to its membership and a record attendance is expected at this meeting. A class of about thirty new members will be instructed in the work of a pioneer, and among those present will be one of the members who was born in this city in 1859, supposed to be the first white boy born here.

Rene J. Cavasso, secretary of the society, gives the following statistics as to the present membership of the society:

Settled in Oakland 1850-54, inclusive: 7; 1855-59, 21; 1860-64, 40; 1865-69, 50; 1870-75, 3; total, 121.

Settled in Oakland under one year of age (including 32 born in Oakland): 42; at 1 to 9 years of age, 46; 10 to 20, 24; 21 to 24, 8, and at 31, 1; total, 121.

Born in Oakland 32, in San Francisco 14, elsewhere in California 23; total born in California, 69; in Connecticut, 2; Indiana, 1; Illinois, 2; Louisiana, 1; Maine, 2; Maryland, 1; Massachusetts, 8; Michigan, 1; Nevada, 1; New York, 7; Ohio, 3; Oregon, 1; Pennsylvania, 2; Vermont, 1; Wisconsin, 2; British Columbia, 1; Canada, 2; Chile, 1; England, 3; Ireland, 2; Germany, 5; Hawaiian Islands, 1; Switzerland, 2.

Inspectors C. T. Appleton and Tom Woods have been detailed to the case. George Brower, a neighbor, told the detectives he heard the pounding but thought that it was caused by men working overtime getting tents ready for the coming municipal election.

The veggs had pitched a tent, from the store stock, over the safe, in order to hide their operations from the view of passersby.

Buy Ezer's Cake—15c—Advertment.

Residents of Stonehurst, who complained that they were neglected in the school-building program, were last night assured by the bond expenditure committee of the Board of Education that the first money received from the sale of school bonds shall be used in construction of the Stonehurst school.

The Stonehurst residents complained recently to the Board of Education that promises to build a school in their district were entirely ignored. Investigation showed that this promise was given more than a year ago, but was filed away and lost in the progress of other events which occupied the educators' attention.

The Stonehurst residents, armed with the promise, convinced the Board of Education that it must expend its next money from bond sales upon the Stonehurst school.

Six rules for  
making good coffee

- 1—Keep your Coffee fresh. Keep it in a closed container as nearly air-tight as possible.
- 2—Measure proportions carefully, both Coffee and water.
- 3—When serving hot Coffee, serve it hot. Never re-cook.
- 4—Use water only at full boiling-point.
- 5—Strain or settle carefully. ALL Coffee is clear if properly made.
- 6—Keep Coffee-making utensils clean.
